4.2 New Roads, Drainage & Paths 22/23

For Committees consideration for next meeting for next year's budget submissions.

- **Roads Maintenance**
- **R2R & Council Funded**
 - I would ask the Committee to advise me on what roads you would like to be included into this funding.
- **RRG Program**
 - Old Beverley Rd continuation 2km worth,
 - Bruce Rock - Doodlakine Rd, re-seal from boundary in bad areas,
 - Shackleton - Kellerberrin Rd, re-seal sections in the "S" bends through the lakes.
- **Drainage Works**
- **Townsite Footpaths**
 - Completion of Noonajin Rd (65m),
 - Parry St (Noonajin Rd to Westral St)
- **Blackspot Funding**
 - I have not put in for one this year but will look at other "Y" intersections to apply for.
- **Bridges**
 - We have several bridges to complete - these are with Main Roads now for approval, we have only been able to have 1 bridge approved for funding.

5. Machinery and Vehicles

- The two Supervisor's vehicles that were due for upgrades are being replaced by Mitsubishi Tritons as the cost of other vehicles is not within our budget.
- The old Subaru that the EHO had has been taken to auction and hopefully get more than was budgeted for as there is a good market now for these vehicles.
- These are the vehicles I have put up for the 22/23 year:
 - Low Loader to be considered for change over to a drop deck,

- Construction Loader to be considered as we are hiring one at the present time which is paying for itself as an inclusion in the cost of the project,
- A couple of work items to be changed as per the plant list,

6. Dams and Water Capturing Works

The Manager of Works will provide an update on the dams and funding streams applied for.

7. Recreation Centre
