

Shire of
Bruce Rock
Where friends become family

Agenda

Ordinary Meeting of Council

To be held in Council Chambers
54 Johnson Street, Bruce Rock
Thursday, 26 March 2026
Commencing from 3.00pm

Notice of Ordinary Meeting of Council

Dear President and Councillors,

The next Ordinary Meeting of Council will be held on Thursday, **26 March 2026, commencing from 3.00pm** in Council Chambers, at 54 Johnson Street, Bruce Rock.

Please contact the undersigned for any enquiries regarding the Agenda prior to the meeting.

Mark Furr
CHIEF EXECUTIVE OFFICER

DISCLAIMER

PLEASE READ THE FOLLOWING IMPORTANT DISCLAIMER BEFORE PROCEEDING:

Statements or decisions made at this meeting should not be relied or acted on by an applicant or any other person until they have received written notification from the Shire. Notice of all approvals, including planning and building approvals, will be given to applicants in writing. The Shire of Bruce Rock expressly disclaims liability for any loss or damages suffered by a person who relies or acts on statements or decisions made at a Council or Committee meeting before receiving written notification from the Shire.

The advice and information contained herein is given by and to Council without liability or responsibility for its accuracy. Before placing any reliance on this advice or information, a written inquiry should be made to Council giving entire reasons for seeking the advice or information and how it is proposed to be used.

Our Mission

We will achieve our vision by maintaining and enhancing the Bruce Rock lifestyle, increase business and employment opportunities and achieve population growth in an environmentally sustainable way.

Our Values

Respect, Inclusiveness, Fairness and Equality and Communication

1. Council Policy (Draft) - Temporary Road Condition Advisory – Unsealed Roads	

Summary

Council is requested to consider a recommendation arising from the Works and Services Committee to adopt a Temporary Road Condition Advisory Policy – Unsealed Roads.

The proposed policy establishes a structured communication framework for periods of significant rainfall, flooding, or prolonged wet conditions affecting unsealed roads within the Shire. The framework is intended to improve public safety, encourage responsible road use, reduce avoidable damage to the Shire’s road network, and provide a consistent and documented administrative response.

The proposed model does not remove the Shire’s ability to formally close roads where conditions warrant that action. Rather, it establishes a practical advisory-based approach as the Shire’s primary operating model, with formal closure remaining available as an escalation measure where required under legislation. Section 141 of the Road Traffic (Administration) Act 2008 allows a local government to close a road in its district where it considers the road unsafe for traffic, subject to the one-month limit unless Ministerial approval is obtained.

Background

The Shire of Bruce Rock manages an extensive rural road network, including a large proportion of unsealed roads relied upon by residents, farmers, contractors, school transport operators, freight providers, and visitors.

During periods of significant rainfall or flooding, unsealed roads may deteriorate rapidly. In such circumstances, the use of saturated roads by heavy vehicles can result in substantial damage to the road formation, while deteriorated surfaces may also create safety risks for ordinary motorists, school buses, and other road users.

The matter has been discussed through the Works and Services Committee, which considered the Shire’s current approach to wet weather road conditions and the absence of a formal Council policy dealing with road condition advisories and related communications.

The Committee noted that many regional local governments adopt some form of wet weather messaging system, often comparable to harvest ban notifications, to alert stakeholders to hazardous conditions. However, simple messaging that a road is “closed” may not always reflect the practical realities of large rural networks, particularly where physical closure, on-ground enforcement, and continual monitoring are difficult to achieve across dispersed locations.

The Committee therefore supported the development of a more structured and documented communication framework which would:

- Provide a consistent basis for administrative action;
- Support safe decision-making by road users;
- Encourage heavy vehicles over 4.5 tonnes GVM to avoid affected unsealed roads unless travel is essential;
- Strengthen the Shire's due diligence and recordkeeping; and
- Complement, rather than replace, the Shire's legislative power to close roads where necessary.

Consultation

Consultation has been undertaken with the:

- Works and Services Committee;
- Chief Executive Officer;
- Executive Manager Technical Services; and
- Manager Works & Services

Statutory Environment

The following statutory references are associated to this matter:

- Section 3.50 of the Local Government Act 1995 is applicable;
- Section 141 of the Road Traffic (Administration) Act 2008 provides that a local government may cause a road in its district to be closed for such period as it considers necessary if it considers the road unsafe for traffic, but it cannot close the road for more than one month without the Minister's written approval. A person must not drive, take, or use any vehicle on a road while it is closed under that section.; and
- The Civil Liability Act 2002 applies special principles to public bodies, including local governments, and provides that in determining whether a public body has a duty of care or has breached a duty of care, regard is to be had to matters including the financial and other resources reasonably available to it. The Act also makes clear that actual knowledge of a road risk does not, by itself, create a duty of care or alter the applicable standard of care. For that reason, the proposed policy is framed as a practical risk-management and communication measure rather than as a legal guarantee against all incidents.

Policy Implications

Adoption of the proposed policy will introduce a formal Council policy governing the Shire's temporary wet weather advisory approach for unsealed roads.

The policy will:

- Establish a Temporary Road Condition Advisory framework;
- Authorise the Shire to communicate hazardous conditions through SMS, website and social media channels;
- Support the maintenance of a stakeholder contact register;
- Clarify that heavy vehicles exceeding 4.5 tonnes GVM are strongly requested to avoid affected unsealed roads unless travel is essential; and
- Preserve the Shire's ability to formally close roads where necessary.

Financial Implications

Implementation of the proposed communication model will result in an operational cost associated with SMS messaging through the Telstra TIM platform.

The estimated cost is approximately \$200 to \$250 per batch of SMS notifications, depending on the number of recipients.

These costs are expected to arise only when advisories are activated and are considered modest in comparison with the potential costs associated with avoidable road damage, emergency maintenance, or unmanaged safety risk.

Strategic Implications

Shire of Bruce Rock Strategic Community Plan 2022-2032	
Outcome:	1.0 Roads are a key economic driver across the Shire
Strategy:	1.1 Annual review of performance and structure of Shire owned roads

Risk Implications

Risk	Risk Likelihood	Risk Impact / Consequence	Risk Rating	Principal Risk Theme	Risk Action Plan (Controls or Treatment proposed)
Injury or fatality due to unsafe road conditions	Possible (3)	Major (4)	High (10-16)	Business & Community Disruption	Accept Officer Recommendation
Significant road damage during wet conditions	Possible (3)	Major (4)	High (10-16)	Asset Sustainability	Accept Officer Recommendation

Risk Matrix

Consequence \ Likelihood		Insignificant	Minor	Moderate	Major	Catastrophic
		1	2	3	4	5
Almost Certain	5	Medium (5)	High (10)	High (15)	Extreme (20)	Extreme (25)
Likely	4	Low (4)	Medium (8)	High (12)	High (16)	Extreme (20)
Possible	3	Low (3)	Medium (6)	Medium (9)	High (12)	High (15)
Unlikely	2	Low (2)	Low (4)	Medium (6)	Medium (8)	High (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Medium (5)

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives: occupational health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating of **twelve (12)** has been determined for this

item. Any items with a risk rating of 10 or greater (considered to be high or extreme risk) will be added to the Risk Register, and any item with a risk rating of 16 or greater will require a specific risk treatment plan to be developed.

Comment/Conclusion

The proposed policy does not remove all risk. However, it materially improves the Shire's position by establishing a clear framework for decision-making, communication, and recordkeeping.

Adoption of the policy will provide the Shire with a clear and transparent framework for communicating hazardous road conditions to the community and demonstrates that the Shire has taken reasonable and proactive steps to inform road users of potential risks associated with the use of local government infrastructure during periods of inclement weather.

Options for consideration are as follows:

- **Option 1 – Maintain Status Quo**

Council may choose not to adopt a policy and retain the current informal approach.

This option would avoid additional messaging costs but would leave the Shire without a structured policy framework, formalised communications process or documented advisory protocol.

- **Option 2 – Formal Road Closures as Primary Response**

Council may choose to adopt a position that wet weather events should generally be managed through formal road closures.

This option is legally available where a road is considered unsafe for traffic under section 141 of the Road Traffic (Administration) Act 2008. However, as a primary operating model it may be difficult to implement consistently across a large rural road network and may be impractical in circumstances where conditions vary significantly across the district.

- **Option 3 – Temporary Road Condition Advisory Framework as Primary Response**

Council may choose to adopt the proposed policy and endorse a structured communication strategy as the Shire's primary response to hazardous wet weather road conditions, while retaining formal road closure powers for more serious circumstances.

This option would:

- Provide timely and practical communication to stakeholders and the community;
- Encourage safer travel decisions;
- Assist in protecting the Shire's road assets;
- Improve governance, consistency, and recordkeeping; and
- Reflect the operational realities of Bruce Rock's rural road network.

There the Works and Services Committee recommends Option 3 as the recommended option to be adopted by Council.

Voting Requirements

Simple Majority

(This space is intentionally blank).

WORKS AND SERVICES COMMITTEE RECOMMENDATION

That Council:

- 1. Receives the recommendation of the Works and Services Committee in relation to temporary wet weather road communications;**
- 2. Adopts Council Policy Temporary Road Condition Advisory – Unsealed Roads, as attached; and**
- 3. Authorises the Chief Executive Officer to implement administrative procedures, including a stakeholder contact register, SMS templates and associated communication processes, to give effect to the policy.**

X.X Temporary Road Condition Advisory Policy – Unsealed Roads

Statutory Context: Local Government Act 1995
The Road Traffic (Administration) Act 2008
The Civil Liability Act 2002

Corporate Context: None

Date 26 March 2026

1. Purpose

The purpose of this policy is to provide a clear and consistent framework for the Shire of Bruce Rock to communicate hazardous conditions on unsealed roads during periods of significant rainfall, flooding or prolonged wet weather.

This policy is intended to:

- Promote public safety;
- Reduce avoidable damage to unsealed roads;
- Support informed decision-making by road users;
- Strengthen the Shire’s governance, communication and recordkeeping practices.

2. Scope

This policy applies to unsealed roads under the care, control and management of the Shire of Bruce Rock.

3. Policy Objective

The Shire of Bruce Rock recognises that unsealed roads can deteriorate rapidly during periods of inclement weather. Saturated pavements may become unsafe for traffic and are particularly vulnerable to damage from heavy vehicles.

This policy establishes a Temporary Road Condition Advisory framework as the Shire’s primary communication response in such circumstances.

The objective of the policy is to:

- Raise awareness of hazardous road conditions;
- Encourage responsible and informed road use;
- Minimise avoidable damage to unsealed roads;
- Support safe access across the Shire’s road network; and
- Provide a documented and consistent administrative approach.

4. Policy Statement

Where significant rainfall, flooding, prolonged wet conditions, or pavement saturation causes or is likely to cause hazardous conditions on unsealed roads, the Shire may activate a Temporary Road Condition Advisory.

The Shire's primary response will be to communicate road condition risks to key stakeholders and the broader community through available communication channels, including SMS notifications, the Shire website and social media.

The Shire strongly requests that operators of vehicles exceeding 4.5 tonnes GVM avoid travel on affected unsealed roads during advisory periods unless travel is essential.

This policy is not intended to unnecessarily restrict agricultural activity, freight access or essential services. Rather, it is intended to provide timely information that supports practical risk reduction, shared responsibility and better protection of the Shire's road network.

5. Partnership with the Agricultural Community

The Shire of Bruce Rock recognises that agriculture, freight and contractor movements are essential to the local economy and the operation of the district.

This policy is not intended to impose unnecessary restrictions on agricultural or commercial activity. Instead, it seeks to support timely communication so that farmers, transport operators, contractors and other road users can make informed decisions during periods when roads are saturated, fragile or potentially hazardous.

The Shire values the cooperation of the agricultural and transport community in helping to protect local roads and maintain safe access for all users.

6. Activation Criteria

A Temporary Road Condition Advisory may be activated where, in the opinion of the Chief Executive Officer or delegated officer, one or more of the following circumstances apply:

- Significant rainfall, flooding or water pooling has occurred;
- Unsealed pavements are saturated or vulnerable to damage;
- Travel presents heightened risk to road users;
- Heavy vehicle movements are likely to cause material road damage; and
- School transport or other essential movements may be affected.

7. Communication Measures

When an advisory is activated, the Shire may:

- Issue SMS notifications through the approved messaging platform to registered stakeholders;
- Publish advisory notices on the Shire website and social media channels;
- Directly notify school bus operators or other essential service contacts where practicable;
- Provide updates during the advisory period;
- Issue a further notification when the advisory is lifted, where considered appropriate.

8. Contact Register

The Shire may maintain a voluntary Road Condition Advisory Register for the purpose of issuing SMS notifications to interested stakeholders.

The register may include, but is not limited to:

- Farmers;
- Freight and haulage operators;
- Agricultural contractors;

- School bus operators;
- Businesses; and
- Community members and other road users who elect to register.

9. Essential Access

The Shire acknowledges that, during advisory periods, some travel may remain necessary for emergency response, school transport, essential services, animal welfare, agricultural operations or other urgent needs.

Nothing in this policy prevents essential travel where road users determine that travel is necessary. However, all road users are expected to exercise caution and to take account of prevailing road conditions.

10. Formal Road Closures

Nothing in this policy limits the Shire's power to formally close a road where the Shire considers the road unsafe for traffic in accordance with applicable legislation.

A Temporary Road Condition Advisory is the Shire's primary communication response for wet weather road events. Formal closure remains available as an escalation measure where the circumstances warrant that action. A local government may close a road it considers unsafe for traffic but cannot do so for more than one month without the Minister's written approval.

11. Recordkeeping

Administration will maintain appropriate records of:

- the date and time of advisory activation;
- the officer authorising the advisory;
- the roads, localities, or network areas affected;
- SMS messages issued;
- website and social media notices published;
- the date and time the advisory was lifted.

These records are to be retained for governance, operational and risk management purposes.

12. Delegation

Authority to activate or cancel a Temporary Road Condition Advisory rests with the Chief Executive Officer or an authorised delegate.

13. Legislative References

This policy should be read in conjunction with:

- Local Government Act 1995;
- Road Traffic (Administration) Act 2008;
- Civil Liability Act 2002;
- any other relevant written law or policy applying to the management of local roads and public safety.

14. Review

This policy will be reviewed every four years, or earlier if required by legislative change, operational need, or Council resolution.

Version Control:

1	Policy adopted on 26 March 2026.

10.2 Deputy Chief Executive Officer

There are no reports requiring a Council decision for the current month.

Attachments	1. Schedule of Accounts Paid – February 2026

Summary

Council is requested to note the payments as presented in the Schedule of Accounts Paid for February 2026.

Background

Pursuant to Local Government Act 1995, Section 6.8 (2)(b), where expenditure has been incurred by a local government, it is to be reported to the next Ordinary Meeting of Council.

Consultation

Consultation has been undertaken with the Creditors Officer, Finance Officer and Executive Services Manager.

Statutory Environment

Local Government Act 1995, Section 6.8 (2)(b) and Local Government (Financial Management) Regulations 1996, clause 13 relates.

Policy Implications

The Council's Policy Manual contains no policies that relate and nor are there any proposed.

Financial Implications

All expenditure has been approved via adoption of the 2025/26 Annual Budget or resulting from a Council resolution.

Strategic Implications

Shire of Bruce Rock Strategic Community Plan 2022-2032	
Outcome:	4.0 Governance Priorities
Strategy:	4.1 Our organisation is well positioned and has capacity for the future.

Risk Implications

Risk	Risk Likelihood	Risk Impact / Consequence	Risk Rating	Principal Risk Theme	Risk Action Plan (Controls or Treatment proposed)
Failure to present a detailed listing of payments in the prescribed form would result in non-compliance with the Local Government (Financial Management) Regulations 1996, clause 13, which may result in a qualified audit.	Rare (1)	Minor (2)	Low (1-4)	Compliance Requirements	Accept Officer Recommendation

Risk Matrix

Consequence Likelihood		Insignificant	Minor	Moderate	Major	Catastrophic
		1	2	3	4	5
Almost Certain	5	Medium (5)	High (10)	High (15)	Extreme (20)	Extreme (25)
Likely	4	Low (4)	Medium (8)	High (12)	High (16)	Extreme (20)
Possible	3	Low (3)	Medium (6)	Medium (9)	High (12)	High (15)
Unlikely	2	Low (2)	Low (4)	Medium (6)	Medium (8)	High (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Medium (5)

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives: occupational health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating of two (2) has been determined for this item. Any items with a risk rating of 10 or greater (considered to be high or extreme risk) will be added to the Risk Register, and any item with a risk rating of 16 or greater will require a specific risk treatment plan to be developed.

Comment/Conclusion

The Schedule of Accounts Paid for February 2026 is presented to Council for notation.

Below is a summary of activity:

<i>As at 28 February 2026</i>		
Payment Type	\$	%
Cheque	\$18,799.03	2.72%

Attachments	1. Monthly Financial Report for February 2026

Summary

In accordance with the Local Government Financial Management Regulations (1996), the Shire of Bruce Rock is to prepare a monthly Statement of Financial Activity for notation by Council.

Background

Nil.

Consultation

Consultation has been undertaken with the Chief Executive Officer.

Statutory Environment

Local Government (Financial Management) Regulations 1996, regulation 34 relates.

Policy Implications

The Council's Policy Manual contains no policies that relate and nor are there any proposed.

Financial Implications

All expenditure has been approved via adoption of the 2025/26 Annual Budget and the subsequent Budget review adopted by Council on the 26 February 2026.

Council is requested to review the February 2026 Monthly Financial Reports, noting that Council is advised of the following matters:

- The overall financial position for February 2026 currently stands at \$1,686,327 in surplus;
- Rates - The amount received to date is 93.4% of the total to be collected, and there is still more than \$124k still to be collected from both current rates and arrears. It should be noted that there is approximately \$28k related to Pensioner Rates and ESL Deferments.
- The current amount of \$39,121 for 90+ day debts include 12 outstanding amounts. The outstanding debt from Main Roads WA of \$17,243, equates to 44% of the total 90 day debtors. The remaining \$21,878 is made up of 11 debtors, which are being followed up.

- A total of 150 transactions to the value of \$690,267, including 135 Electronic Fund Transfers and Direct Debits were paid in February 2026, of which all were paid within 30 days.
- Capital projects – Council should expect more progress towards these projects in coming months, and the report is attached for reference outlining work to date.

Budget Amendment - Introduction of New Fee and Charge

Council is requested to consider an amendment to budget, a new fee and charge for per night hire of the air conditioned Backpacker huts at the Bruce Rock Caravan Park. The fee is proposed to be \$50 inclusive of GST per night for the first guest and then an additional \$20 inclusive of GST per guest, per night, for each additional guest up to the maximum occupancy of the hut concerned.

This charge is in relation to the newly air conditioned Backpacker huts, currently all huts are charged out at \$27.50 inclusive of GST per guest per night. This new charge reflects the improved conditions in the two huts air conditioned so far, all other huts are to remain at the current charge of \$27.50. Council is advised that, subject to approval, this amendment still ensures a balanced budget.

Strategic Implications

Shire of Bruce Rock Strategic Community Plan 2022-2032	
Outcome:	4.0 Governance Priorities
Strategy:	4.1 Our organisation is well positioned and has capacity for the future.

Risk Implications

Risk	Risk Likelihood	Risk Impact / Consequence	Risk Rating	Principal Risk Theme	Risk Action Plan (Controls or Treatment proposed)
Failure to monitor the Shire's ongoing financial performance would increase the risk of a negative impact on the Shire's Financial position. As the monthly report is a legislative requirement, non-compliance may result in a qualified audit.	Rare (1)	Moderate (3)	Low (1-4)	Compliance Requirements	Accept Officer Recommendation

Risk Matrix

Consequence Likelihood		Insignificant	Minor	Moderate	Major	Catastrophic
		1	2	3	4	5
Almost Certain	5	Medium (5)	High (10)	High (15)	Extreme (20)	Extreme (25)
Likely	4	Low (4)	Medium (8)	High (12)	High (16)	Extreme (20)
Possible	3	Low (3)	Medium (6)	Medium (9)	High (12)	High (15)
Unlikely	2	Low (2)	Low (4)	Medium (6)	Medium (8)	High (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Medium (5)

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives; occupational health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating of **three (3)** has been determined for this item. Any items with a risk rating over 10 or greater (considered to be high or extreme risk) will be added to the Risk Register, and any item with a risk rating of 16 or greater will require a specific risk treatment plan to be developed.

Comment/Conclusion

The February 2026 Monthly Financial Report is presented for review.

Voting Requirements

Part 1 - Simple Majority; and
Part 2 – Absolute Majority.

OFFICERS' RECOMMENDATION PART 1 OF 2

That with respect to the Monthly Financial Report for February 2026, Council note the Reports as presented.

OFFICERS' RECOMMENDATION PART 2 OF 2

That with respect to the new fee and charge for air conditioned Backpacker Huts at the Bruce Rock Caravan Park, Council:

- 1. Adopts a new charge for per night hire of air conditioned Backpacker Huts at the Bruce Rock Caravan Park, at a cost of \$50 per night for the first guest and \$20 for each additional guest, to take effect after the mandatory advertising period is complete;**
- 2. Authorises the Chief Executive Officer to give public notice for the statutory period, of the intent to impose the new fee and charge under section 6.19 of the Local Government Act 1995.**

KEY INFORMATION

▲▼ Indicates a variance between Year to Date (YTD) Budget and YTD Actual data as per the adopted materiality threshold.
Refer to the Explanation of Variances Note for an explanation of the reasons for the variance.

This statement is to be read in conjunction with the accompanying Financial Statements and Notes.

**NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY
FOR THE PERIOD ENDED 28 FEBRUARY 2026**

EXPLANATION OF MATERIAL VARIANCES

The material variance thresholds are adopted annually by Council as an indicator of whether the actual expenditure or revenue varies from the year to date Actual materially.
The material variance adopted by Council for the 2025-26 year is \$5,000 or 10.0% whichever is the greater.

Nature or type			Explanation of positive variances		Explanation of negative variances	
	Var. \$	Var. %	Timing	Permanent	Timing	Permanent
	\$	%				
Revenue from operating activities						
Interest earnings	(18,016)	(21.78%)	▼			Interest on Investments tracking lower than budgeted. Interest will be recognised on maturity of the investments.
Other revenue	49,584	89.95%	▲		Positive variance is mainly due to receipts from insurance claims and sale of surplus plant items, which were not budgeted for.	
Profit on disposal of assets	(7,209)	(100.00%)	▼			Some asset disposals have not yet taken place.
Expenditure from operating activities						
Employee costs	319,193	13.09%	▲	Actual Employee Cost expenditure generally tracking behind budgeted expenditure.		
Loss on disposal of assets	25,046	97.60%	▲	Some asset disposals have not yet taken place.		
Investing activities						
Proceeds from capital grants, subsidies and contributions	(1,354,171)	(80.89%)	▼			Budget allocations for completed projects which are grant related in this FY are ahead of actuals.
Proceeds from disposal of assets	(85,327)	(63.05%)	▼			Some asset disposals have not yet taken place.
Payments for inventories, property, plant and equipment	1,513,885	53.09%	▲	Expenditure on capital projects is behind budget phasing.		
Surplus or deficit at the end of the financial year	543,394	(47.54%)	▲	Budget Phasing based on Monthly Distribution

TOTAL EQUITY	222,152,923	218,918,624

This statement is to be read in conjunction with the accompanying notes.

BASIS OF PREPARATION

The financial report has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying Regulations.

The *Local Government Act 1995* and accompanying Regulations take precedence over Australian Accounting Standards where they are

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements.

SIGNIFICANT ACCOUNTING POLICIES

CRITICAL ACCOUNTING ESTIMATES

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors believed to be reasonable making the judgements about carrying values of assets and liabilities not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimation of fair values of certain financial assets
- estimation of fair values of fixed assets shown at fair value
- impairment of financial assets

GOODS AND SERVICES TAX

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position. Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

ROUNDING OFF FIGURES

All figures shown in this statement are rounded to the nearest dollar.

This information is to be read in conjunction with the accompanying Financial Statements and Notes.

CASH AND FINANCIAL ASSETS

Financial assets at amortised cost		0	1,011,134	1,011,134	0			
		1,833,406	1,011,134	2,855,284	10,743			

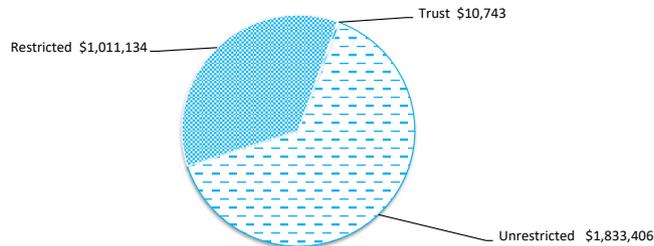

KEY INFORMATION

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Bank overdrafts are reported as short term borrowings in current liabilities in the statement of net current assets.

The local government classifies financial assets at amortised cost if both of the following criteria are met:

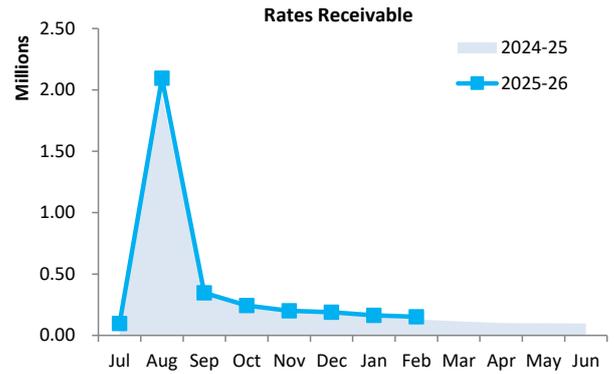

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Financial assets at amortised cost held with registered financial institutions are listed in this note.

RECEIVABLES

Rates receivable	30 June 2025	28 Feb 2026
	\$	\$
Opening arrears previous years	86,717	96,895
Levied this year	2,080,087	2,234,185
Less - collections to date	(2,069,909)	(2,178,328)
Gross rates collectable	96,895	152,752
Allowance for impairment of rates/trade receivable	(28,558)	(28,558)

% Collected	95.5%	93.4%

Receivables - general	Credit	Current	30 Days	60 Days	90+ Days	Total
	\$	\$	\$	\$	\$	\$
Receivables - general	(4,380)	52,834	0	18,961	39,121	106,537
Percentage	(4.1%)	49.6%	0%	17.8%	36.7%	
Balance per trial balance						
Sundry receivable						106,537
Allowance for impairment of rates/trade receivable						(28,558)
Total receivables general outstanding						78,355

Amounts shown above include GST (where applicable)

KEY INFORMATION

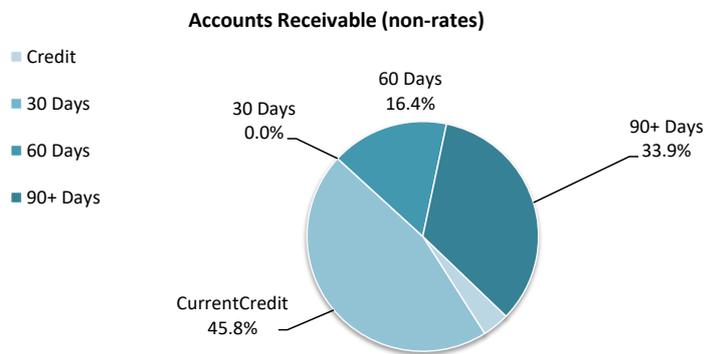

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectable amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

Classification and subsequent measurement

Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates receivable after the end of the reporting period are classified as non-current assets.

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the Shire measures them subsequently at amortised cost using the effective interest rate method.

SIGNIFICANT ACCOUNTING POLICIES

Each class of fixed assets within either plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Financial Management Regulation 17A (5)*. These assets are expensed immediately.

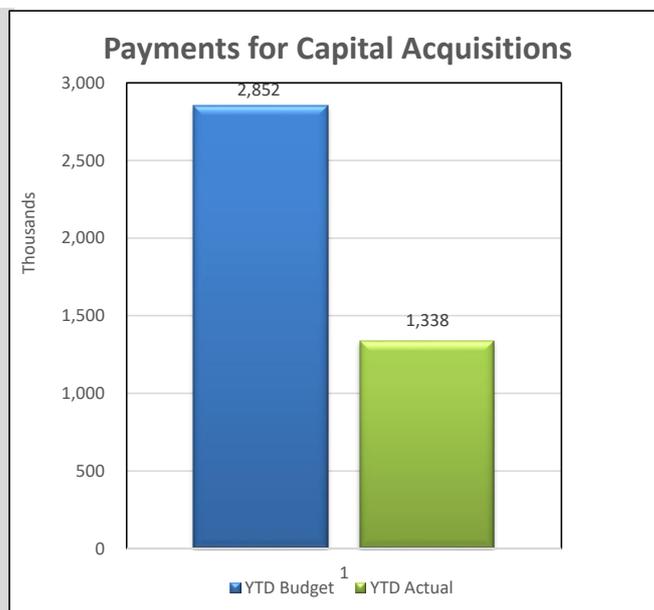

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

Initial recognition and measurement for assets held at cost

Plant and equipment including furniture and equipment is recognised at cost on acquisition in accordance with *Financial Management Regulation 17A*. Where acquired at no cost the asset is initially recognise at fair value. Assets held at cost are depreciated and assessed for impairment annually.

Initial recognition and measurement between mandatory revaluation dates for assets held at fair value

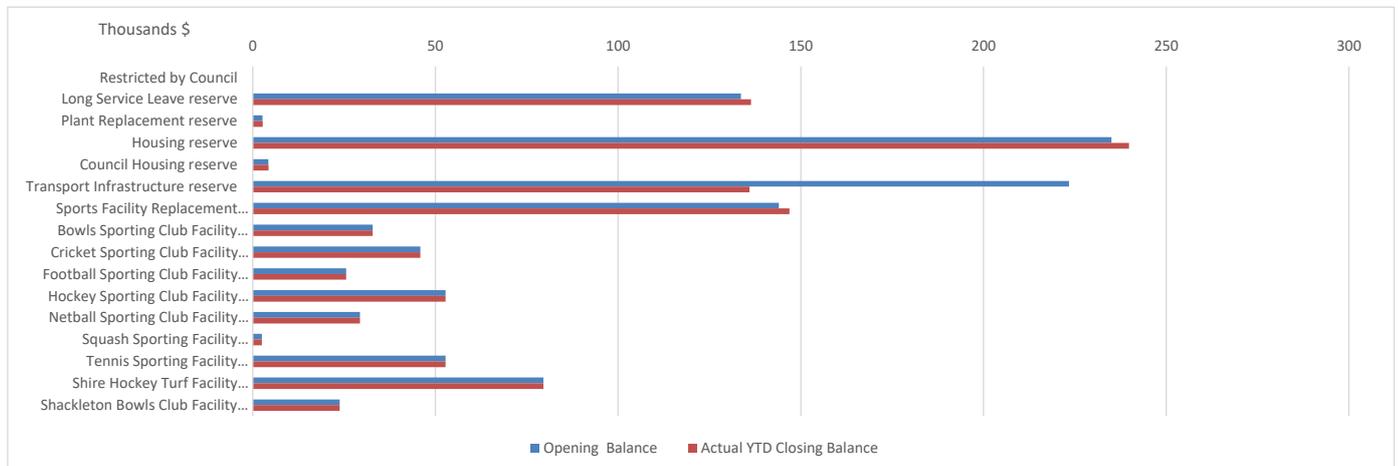

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

Summary

The purpose of this report is to advise Council of the outcome of the statutory review of Town Planning Scheme No. 3 and to formally record the actions now required following receipt of correspondence from the Western Australian Planning Commission.

By correspondence dated 11 December 2025, the Western Australian Planning Commission advised that it had considered the Shire’s report of review under regulation 67 of the *Planning and Development (Local Planning Schemes) Regulations 2015* and agreed with the recommendation of the report. The Commission further advised that, pursuant to regulation 67(2), the Shire is required to publish the report and the Commission’s decision on its website, make a copy of both available at the Shire office for inspection, and, once publication has occurred, advise the Commission of the date of publication and provide a link to the published information.

This report is presented to Council in the interests of good governance, transparency and formal recordkeeping. It also provides the basis for Council to note the next phase of work arising from the review outcome, namely the commencement of preparation of Town Planning Scheme No. 4.

Background

Town Planning Scheme No. 3 is the Shire’s current operative local planning scheme and remains the principal statutory instrument for land use planning and development control within the district.

In accordance with the statutory planning framework, the Shire undertook a review of Town Planning Scheme No. 3 and submitted the required report of review through the State planning system. The Western Australian Planning Commission has now considered that report under regulation 67 and advised that it agrees with the recommendation of the report.

The Commission’s letter does not itself constitute approval of a draft replacement scheme, nor does it commence any future advertising process. Rather, it confirms the outcome of the review stage and sets out the immediate actions the Shire must now undertake under regulation 67(2), being publication of the report of review and the Commission’s decision, availability of both documents for inspection at the Shire office, and notification back to the Commission once publication has occurred.

Consistent with the review outcome already accepted by the Commission, administration will now commence the next phase of work associated with preparation of Town Planning Scheme No. 4. Any future statutory

resolutions required to prepare, advertise or progress the replacement scheme will be the subject of separate reports to Council at the relevant stages under the *Planning and Development Act 2005* and the *Planning and Development (Local Planning Schemes) Regulations 2015*.

Consultation

Consultation to date has occurred through the statutory review process with the Department of Planning, Lands and Heritage and the Western Australian Planning Commission.

At this stage, the immediate requirement is compliance with regulation 67(2) of the Regulations, as set out in the Commission's correspondence. Broader public consultation in relation to any proposed replacement scheme will occur at the later statutory stage once a draft Town Planning Scheme No. 4 has been prepared and is ready to proceed through the formal scheme-making and advertising process. The Regulations govern the review process and the later preparation and advertising steps for local planning schemes.

Statutory Environment

This matter is governed by the:

- Planning and Development Act 2005; and
- Planning and Development (Local Planning Schemes) Regulations 2015.

The WAPC letter expressly confirms that the Commission considered the report of review under regulation 67 of the Regulations and agrees with the recommendation of the report. The letter further specifies the Shire's obligations under regulation 67(2), namely publication of the report and Commission decision on the Shire's website, availability of both documents for inspection at the Shire office, and written advice to the Commission of the publication date and website link once publication has occurred.

More broadly, the Regulations require local planning schemes to be reviewed by report, and the scheme framework then separately governs the later preparation, advertising and finalisation of any replacement local planning scheme. Regulation 19 deals with a local government resolution to prepare or adopt a scheme, and the current official WA scheme regulations set out the subsequent process for notification, advertising and progression. Accordingly, this report is properly characterised as a governance and implementation report. It records the outcome of the review stage, addresses the Shire's immediate compliance obligations arising from the WAPC letter, and notes commencement of the next planning phase, being preparation of Town Planning Scheme No. 4.

Policy Implications

There are no direct policy implications arising from this report itself, however, the accepted outcome of the review process establishes the basis for progression toward a replacement local planning scheme, being Town Planning Scheme No. 4.

Financial Implications

There are no significant immediate financial implications arising from the publication and inspection requirements identified in the Commission's correspondence, other than minor administrative costs associated with publication and document availability.

Future costs associated with preparation of Town Planning Scheme No. 4 may include officer time, planning consultant support, scheme drafting, mapping review, document preparation and statutory advertising costs. Any significant expenditure associated with preparation of the replacement scheme should be managed within approved budget parameters or brought back to Council separately if required.

(This space is intentionally blank).

Strategic Implications

Shire of Bruce Rock Strategic Community Plan 2022-2032	
Outcome:	4.0 Governance Priorities
Strategy:	4.1 Our organisation is well positioned and has capacity for the future.

Risk Implications

Risk	Risk Likelihood	Risk Impact / Consequence	Risk Rating	Principal Risk Theme	Risk Action Plan (Controls or Treatment proposed)
The failure by the Shire Administration to comply with statutory requirements when reviewing Local Planning Scheme 3	Unlikely (2)	Moderate (3)	Medium (5-9)	Compliance Requirements	Accept Officer Recommendation

Risk Matrix

Consequence Likelihood		Insignificant	Minor	Moderate	Major	Catastrophic
		1	2	3	4	5
Almost Certain	5	Medium (5)	High (10)	High (15)	Extreme (20)	Extreme (25)
Likely	4	Low (4)	Medium (8)	High (12)	High (16)	Extreme (20)
Possible	3	Low (3)	Medium (6)	Medium (9)	High (12)	High (15)
Unlikely	2	Low (2)	Low (4)	Medium (6)	Medium (8)	High (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Medium (5)

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives: occupational health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating of **six (6)** has been determined for this item. Any items with a risk rating of 10 or greater (considered to be high or extreme risk) will be added to the Risk Register, and any item with a risk rating of 16 or greater will require a specific risk treatment plan to be developed.

Comment/Conclusion

The Commission's correspondence is important for two (2) reasons:

First, it confirms that the Western Australian Planning Commission agrees with the recommendation contained in the Shire's report of review. Second, it imposes clear administrative requirements on the Shire under regulation 67(2), namely publication of the report and the Commission's decision, availability of both documents for inspection at the Shire office, and notification back to the Commission once publication has occurred.

For good governance reasons, it is appropriate that Council formally note both the outcome of the review and the actions now required. It is also appropriate that Council note that administration will now progress the next phase of work associated with preparation of Town Planning Scheme No. 4, consistent with the review outcome accepted by the Commission.

Further reports will be presented to Council at the relevant statutory stages as the preparation of the new scheme progresses.

OFFICERS' RECOMMENDATION

That Council:

- 1. Notes the correspondence from the Western Australian Planning Commission dated 11 December 2025 regarding the Review of Shire of Bruce Rock Local Planning Scheme No. 3;**
- 2. Notes that the Western Australian Planning Commission has considered the Shire's report of review under regulation 67 of the *Planning and Development (Local Planning Schemes) Regulations 2015* and has advised that it agrees with the recommendation of the report;**
- 3. Notes that, pursuant to regulation 67(2) of the *Planning and Development (Local Planning Schemes) Regulations 2015*, the Shire is required to publish the report of review and the Commission's decision on the Shire's website and have a copy of both documents available at the Shire office for inspection;**
- 4. Authorises the Chief Executive Officer to undertake the actions necessary to comply with regulation 67(2), including publishing the report of review and the Commission's decision on the Shire's website, making both documents available for inspection at the Shire office, and advising the Western Australian Planning Commission of the date of publication and the relevant website link once publication has occurred;**
- 5. Notes that, consistent with the review outcome accepted by the Western Australian Planning Commission, administration will now commence preparation of Town Planning Scheme No. 4; and**
- 6. Notes that further reports will be presented to Council at the relevant statutory stages as Town Planning Scheme No. 4 progresses.**

REVIEW OF SHIRE OF BRUCE ROCK LOCAL PLANNING SCHEME No. 3

The Western Australian Planning Commission (Commission) has considered the report of review scheme under regulation 67 of the Planning and Development (Local Planning Schemes) Regulations 2015 and advises that it agrees with the recommendation of the report.

Pursuant to Regulation 67 (2) the Shire of Bruce Rock is required to publish the report and the Commission's decision on its website and have a copy of both available at your office for inspection.

Once the information has been published on your website, please advise the Commission of the date of publication, and provide a link to the published information to localplanningschemes@dplh.wa.gov.au.

Please direct any queries about this matter to the abovementioned officer.

Yours sincerely

Attachments <ol style="list-style-type: none"> 1. Extract from <i>Planning and Development (Local Planning Schemes) Regulations 2015 (to be sent under separate cover)</i> 2. Report of Review 	

Summary

That Council consider a Report of Review of the local planning framework.

Background

The *Shire of Bruce Rock Local Planning Scheme No. 3 (LPS3)* was gazetted on 13 September 2011. Since then, LPS3 has been amended two times (both in 2017). While LPS3 has provided for flexible decision making, it has not been recently updated to address contemporary planning issues. This includes recent updates to the *Planning and Development (Local Planning Schemes) Regulations 2015* (to be called the 'Regulations') to enable the Scheme to be fit-for-purpose.

The Regulations require that every five years, following publication of a Scheme in the Government Gazette, the local government is to prepare a report on the operation of the Scheme to the Western Australian Planning Commission (WAPC). An extract of the Regulations is outlined in **Attachment 1**.

The Regulations require that the Report of Review must include a recommendation as to whether the local planning framework:

1. Is satisfactory in its existing form;
2. Should be amended; or
3. Should be repealed and a new scheme or local planning strategy prepared in its place.

A Report of Review has been undertaken and is outlined in **Attachment 2**.

Consultation

Preliminary liaising has occurred with the Department of Planning, Lands and Heritage (DPLH). Should the WAPC agree that LPS3 and/or the Local Planning Strategy are to be amended, these will be subject to community and stakeholder consultation.

Statutory Environment

Planning and Development Act 2005

Policy Implications

Shire of Bruce Rock Local Planning Strategy

Financial Implications

Nil at this stage. Subject to the WAPC's decision, there will be future costs in amending LPS3 and the Local Planning Strategy.

Strategic Implications

Shire of Bruce Rock Strategic Community Plan 2022 – 2032	
Outcome:	1. 0 Community Priorities
Strategy:	1.1 Our community are engaged and have a healthy lifestyle
Outcome:	2.0 Economic Priorities
Strategy:	2.1 Residential and industrial land is available.

Risk Implications

Risk	Risk Likelihood	Risk Impact / Consequence	Risk Rating	Principal Risk Theme	Risk Action Plan (Controls or Treatment proposed)
The Shire has an obligation to enforce planning laws and is guided by State Government policies.	Rare (1)	Moderate (3)	Low (1-4)	Compliance Requirements	Accept Officer Recommendation

Risk Matrix

Consequence \ Likelihood		Consequence				
		Insignificant	Minor	Moderate	Major	Catastrophic
		1	2	3	4	5
Almost Certain	5	Medium (5)	High (10)	High (15)	Extreme (20)	Extreme (25)
Likely	4	Low (4)	Medium (8)	High (12)	High (16)	Extreme (20)
Possible	3	Low (3)	Medium (6)	Medium (9)	High (12)	High (15)
Unlikely	2	Low (2)	Low (4)	Medium (6)	Medium (8)	High (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Medium (5)

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives; occupational health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating of **three (3)** has been determined for this item. Any items with a risk rating over 10 or greater (considered to be high or extreme risk) will be added to the Risk Register, and any item with a risk rating of 16 or greater will require a specific risk treatment plan to be developed.

Comment/Conclusion

The Report of Review concludes that the local planning framework requires amending. In broad terms, amending LPS3 will involve:

- Providing for alignment with the updated Regulations including the deemed provisions;

- Providing for contemporary land use and permissibility in the zoning table and evaluation of permissibility such as whether a proposal should be advertised or not advertised or not be permitted to ensure consistency with the Shire's desire for development, protection of the environment and community expectations;
- Consideration of whether additional planning guidance is needed to address local planning issues such as options to promote different and new forms of housing; provide for workforce accommodation, expand tourism offerings, regulate short-term rental accommodation, facilitate and guide renewable energy proposals, manage use of rural land and provide protections for the agricultural sector;
- Consideration to reducing 'red tape' by nominating further development that in the Shire's view does not require development approval (in addition to that already provided by the Regulations and Schedule A of LPS3);
- Consideration of possible new zones (such as Environmental Conservation and Rural Enterprise);
- Rationalising/updating dated LPS3 content such as existing development controls, special control areas, schedules to remove repetitive/superfluous content and adding new content; and
- Undertaking any necessary amendments to the scheme maps so that there is alignment with the content of the updated scheme text.

The immediate need is to update LPS3 so that it is consistent with the Regulations. This can be achieved through an omnibus amendment to LPS3.

In the medium term, the Local Planning Strategy is required to be amended. This could see, amongst matters, the identification of additional land for industrial, rural residential or related purposes.

In the short to medium term, there is a need to review existing and prepare new local planning policies to align with scheme content where required. The DPLH has suggested that consideration be given to targeted land use/development issue based local planning policies (in lieu of additional scheme-based controls).

Following the Council's decision on the Report of Review, the WAPC will review the recommendations in the Report of Review and will decide whether it agrees or disagrees with the recommendations. Assuming the WAPC support the Report of Review, the Shire administration will next progress the process of amending LPS3 to address the Regulations.

Summary

Council is requested to initiate a review of the Shire of Bruce Rock's Local Laws in accordance with Section 3.16 of the Local Government Act 1995 and to give local public notice of the review. As part of this process, Council notes the preliminary officer view that the Dogs Local Law may be repealed, as the matters contained within the local law are largely addressed under the Dog Act 1976, making the local law potentially redundant.

Background

Section 3.16 of the Local Government Act 1995 requires that all local laws be reviewed within 15 years of commencement or the last review to determine whether they should remain unchanged, be amended, or be repealed. The Shire of Bruce Rock currently has several local laws in place governing a range of operational and community matters. Periodic review ensures that these local laws remain contemporary, enforceable and consistent with current legislation and governance practices.

A number of legislative and governance changes at the State level have occurred in recent years which may impact existing local laws. In particular, amendments to the Local Government Act 1995 and related reforms emphasise improved transparency, consistency of meeting procedures, and modern governance practices.

During the review process officers will assess whether each local law:

- Remains relevant and enforceable;
- Aligns with current legislation and regulatory frameworks; and
- Avoids duplication with State legislation.

Initial assessment indicates that the Dogs Local Law may no longer be required, as the regulation of dogs is comprehensively addressed through the Dog Act 1976 and associated regulations.

Subject to the outcome of the review and community consultation, it is anticipated that Council may consider repealing the Dogs Local Law and relying on the provisions of the Dog Act and associated State legislation for enforcement and administration.

Consultation

Consultation undertaken in preparation of this report includes:

- Chief Executive Officer;
- Deputy Chief Executive Officer; and
- Executive Manager Corporate Services.

Community consultation will occur as part of the statutory review process through public notice inviting submissions from the community.

Statutory Environment

Section 3.16 of the Local Government Act 1995 states:

“3.16. Periodic review of local laws

(1) Within a period of 15 years after the day on which a local law commenced or a determination in respect of the local law was last made under subsection (4), as the case requires, a local government must carry out a review of the local law to determine whether it considers that the local law should be repealed, be amended or remain unchanged.

(2) The local government is to give local public notice stating that —

- (a) the local government proposes to review the local law; and*
- (b) a copy of the local law may be inspected or obtained at any place specified in the notice; and*
- (c) submissions about the local law may be made to the local government before a day to be specified in the notice, being a day that is not less than 6 weeks after the notice is given.*

[(2a) deleted]

(3) After the last day for submissions, the local government is to consider any submissions made and cause a report of the review to be prepared and submitted to its council.

(4) After the report has been submitted to its council, the local government must determine whether it considers that the local law should be repealed, be amended or remain unchanged.*

** Absolute majority required.*

(5) If no determination is made under subsection (4) within the applicable 15-year period under subsection (1), the local law is repealed at the end of that period.

(6) If a local law is repealed by subsection (5), the local government must, not later than 14 days after the end of the applicable 15-year period —

(a) give notice of the repeal to —

- (i) the Departmental CEO; and*
- (ii) if a department of the Public Service other than the Department assists in the administration of an Act under which the local law was made — the chief executive officer of that other department;*

and

(b) publish notice of the repeal in the Gazette; and

(c) give local public notice of the repeal.

(7) If different provisions of a local law commenced on different days, the local law is taken, for the purposes of this section, to have commenced on the earliest of those days.

(8) This section does not apply to a local law if all it does is amend the text of, or repeal, a local law.

[Section 3.16 amended: No. 64 of 1998 s. 7; No. 49 of 2004 s. 24; No. 16 of 2019 s. 9; No. 47 of 2024 s. 20.]”

Policy Implications

The review may result in amendments, consolidation or repeal of certain local laws to ensure they remain consistent with current legislation and operational practices. In particular, the potential repeal of the Dogs Local Law would reduce duplication with State legislation and streamline regulatory administration.

Financial Implications

There may be minor costs associated with:

- Public advertising of the review;
- Preparation of amended or new local laws; and
- Gazette publication if amendments or repeals proceed.

These costs will be accommodated within existing operational budgets.

Strategic Implications

Shire of Bruce Rock Strategic Community Plan 2022-2032	
Outcome:	4.0 Governance Priorities
Strategy	4.1 Our organisation is well positioned and has capacity for the future.

Risk Implications

Risk	Risk Likelihood	Risk Impact / Consequence	Risk Rating	Principal Risk Theme	Risk Action Plan (Controls or Treatment proposed)
Failure to undertake the review may result in non-compliance with legislative obligations	Possible (3)	Moderate (3)	Medium (5-9)	Compliance Requirements	Accept Officer Recommendation
Without a periodic review the local laws may conflict with newer State Legislation and contain outdated	Possible (3)	Moderate (3)	Medium (5-9)	Compliance Requirements	Accept Officer Recommendation

provisions and/or terminology					
-------------------------------	--	--	--	--	--

Risk Matrix

Consequence Likelihood		Insignificant	Minor	Moderate	Major	Catastrophic
		1	2	3	4	5
Almost Certain	5	Medium (5)	High (10)	High (15)	Extreme (20)	Extreme (25)
Likely	4	Low (4)	Medium (8)	High (12)	High (16)	Extreme (20)
Possible	3	Low (3)	Medium (6)	Medium (9)	High (12)	High (15)
Unlikely	2	Low (2)	Low (4)	Medium (6)	Medium (8)	High (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Medium (5)

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives: occupational health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating of **nine (9)** has been determined for this item. Any items with a risk rating of 10 or greater (considered to be high or extreme risk) will be added to the Risk Register, and any item with a risk rating of 16 or greater will require a specific risk treatment plan to be developed.

Comment/Conclusion

Undertaking a review of the Shire's local laws ensures that the regulatory framework remains relevant, legally compliant and aligned with contemporary governance standards.

Community consultation will form a key component of the review process and will provide an opportunity for residents to comment on the effectiveness of existing local laws and identify any areas requiring amendment.

Following the consultation period, officers will present a report to Council outlining submissions received and providing recommendations regarding whether each local law should be retained, amended or repealed.

As part of the review, officers will specifically assess whether the Dogs Local Law should be repealed, given the comprehensive regulatory framework already provided by the Dog Act 1976.

Voting Requirements

Simple Majority

(This space is intentionally blank).

OFFICERS' RECOMMENDATION

That Council:

- 1. Initiates a review of the Shire of Bruce Rock's Local Laws in accordance with Section 3.16 of the Local Government Act 1995;**
- 2. Gives local public notice that the Shire proposes to review its Local Laws and invites submissions from the public for a period of not less than six (6) weeks;**
- 3. Notes that copies of the Local Laws will be available for inspection at the Shire Administration Office and on the Shire's website during the consultation period;**
- 4. Notes the preliminary officer assessment that the Dogs Local Law may be repealed, subject to the outcome of the review and community consultation, as matters relating to dog control are largely regulated under the Dog Act 1976; and**
- 5. Requests that a further report be presented to Council following the consultation period outlining submissions received and recommendations regarding the retention, amendment or repeal of the Shire's Local Laws.**

Unlikely	2	Low (2)	Low (4)	Medium (6)	Medium (8)	High (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Medium (5)

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives: occupational health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating of **one (1)** has been determined for this item. Any items with a risk rating of 10 or greater (considered to be high or extreme risk) will be added to the Risk Register, and any item with a risk rating of 16 or greater will require a specific risk treatment plan to be developed.

Comment/Conclusion

To encourage the WEROC Inc partnership and promote a better understanding by all Councillors it is recommended that WEROC Inc minutes be read and received by Council. The CEO and Cr Rajagopalan attended the meeting.

The following items are highlighted for Councils attention:

1. WEROC locked in its 2026 priorities - The Board formally agreed that waste, water, roads and housing will remain WEROC's core priorities for 2026.
2. Regional housing remains one of the biggest strategic issues - The workforce housing investigation is nearly complete, and WEROC has already submitted an application to the Regional Housing Support Fund for the full cost of 34 dwellings across six shires. The Board also noted that further work may still be needed to get projects to a more shovel-ready stage.
3. WEROC wants stronger engagement with State agencies on housing. - Following the joint ROC forum, the Board agreed it is worthwhile to continue discussions with the Department of Housing and resolved to

invite Sean Brown from DPLH to the next WEROC meeting to discuss land availability and development constraints.

4. Waste management reform is moving from discussion toward practical options - A regional waste review identified specific actions for each member shire. For Bruce Rock, the main headlines were:
 - A recycling education program is recommended;
 - There may be value in additional bulk recycling bins; and
 - In the longer term, once the landfill reaches capacity, Bruce Rock may need to consider a transfer station model with waste hauled to a regional facility.
5. Roads advocacy continues, especially on Great Eastern Highway - WEROC CEOs met with senior State representatives regarding roads, with advice that nine overtaking lanes have been identified between Northam and Merredin, and that four priority lanes are already in Main Roads' 10-year plan. Great Eastern Highway was described as a top Main Roads priority.
6. State officials have agreed to engage directly with the region on road issues - The meeting noted that Belinda Stopic had agreed to travel to the region with the Main Roads Wheatbelt Regional Director to meet with shires on specific concerns, and to follow up on the Shackleton Road blackspot submission. However, no follow-up correspondence had yet been received, so a further meeting was suggested.
7. WEROC's finances are in a sound position - As at 31 January 2026, WEROC reported a cash balance of \$159,545.41, a term deposit of \$100,000, and total equity of about \$259,649.88. The year-to-date net position was positive.
8. Key external funding and project work is progressing - The minutes note:
 - A water audit grant for all seven shires is underway and due mid-2026;
 - The Parliamentary Inquiry submission on local government sustainability has been lodged; and
 - Cooperative tourism marketing work continues, including the Eastern Wheatbelt self-drive trail and presence at the Perth Caravan and Camping Show.
9. Disaster resilience funding is being considered - WEROC is looking at a future Disaster Ready Fund application for a high-output portable generator and portable mobile phone tower, with Round 4 expected to open in 2026.
10. Rural health advocacy is continuing - The Local Government Rural Health Funding Alliance has commissioned a cost-benefit analysis to support a pre-budget submission seeking a \$6 million per annum Commonwealth sustainability payment pilot for eligible rural local governments.
11. Bruce Rock will host the next WEROC Board meeting - The next WEROC Inc. Board meeting is scheduled for Wednesday 6 May 2026 in Bruce Rock.

2.3 Guests

Mr. Peter Kenyon, Director, B.A.N.K of Ideas (joined the meeting at 1.37pm and left the meeting at 1.58pm)

3. DECLARATIONS OF INTEREST

NIL

4. PRESENTATIONS

4.1 Peter Kenyon, Director, B.A.N.K of Ideas

Peter Kenyon joined the meeting at 1.37pm to provide a brief overview of the B.A.N.K of Ideas and the programs they deliver.

Mr. Kenyon provided several handouts as an example of the work that they have done in other small communities. He commented that when deciding on the right program for your community you need to identify who you want to hear from, what you want to get out of it and what is going to make it interesting enough for people to come along.

Comments from the meeting:

- Members will take the information back to their Councils and determine what, if any, programs they are interested in delivering in their community.

Mr. Kenyon left the meeting at 1.58pm and did not return.

5. MINUTES OF MEETINGS

5.1 Minutes of the WEROC Inc. Board Meeting held on Thursday 27 November 2025

Minutes of the WEROC Inc. Board Meeting held in Cunderdin on Thursday 27 November 2025 have previously been circulated.

Recommendation:

That the Minutes of the WEROC Inc. Meeting held in Cunderdin on Thursday 27 November 2025 be confirmed as a true and correct record.

RESOLUTION:

Moved: Mr. Ram Rajagopalan

Seconded: Ms. Alison Harris

That the Minutes of the WEROC Inc. Meeting held in Cunderdin on Thursday 27 November 2025 be confirmed as a true and correct record.

CARRIED

5.2 Business Arising – Status Report

5.2.1 Actions Arising from the WEROC Inc. Board Meeting held on 27 November 2025

Attachment 1: WEROC Inc. Submission to the Parliamentary Inquiry into Local Government Sustainability

Agenda Item	Action(s)	Status
7.1 WEROC Water Audit	Executive Officer to prepare a template to record in-kind amounts from the Shires.	The Executive Officer forwarded a template on 17 December 2025. The first milestone report is due on 28 March and a summary of expenditure to date, including evidence of in-kind contributions is required.
8.1 Housing	Apply to the Regional Housing Support Fund for 100% of funding required to develop the lots and dwellings detailed in the WEROC key worker housing business case and cost benefit analysis prepared by Econosis.	An application was submitted on 24 December 2025.
8.2 Strategic waste management	1) Contact the Western Metropolitan Regional Council to enquire about the waste education they can support and any associated costs. 2) Executive Officer to arrange a meeting with Avon Waste for early in 2026.	A meeting with Avon Waste Managing Director, Ashley Fisher, took place on Thursday 5 February 2026. Refer to agenda item 8.2 for further detail. The Executive Officer has met with the Western Metropolitan Regional Council to discuss a waste education

		program for WEROC. A price estimate is being prepared.
10.1 Inquiry into local government funding and financial sustainability	WEROC to prepare a submission focussing on the cost of Shires contributing to GP services and the impact on local roads of increasing heavy vehicle movements.	A copy of the draft submission was emailed to Board Members for input on 5 January 2026 and a revised version, incorporating feedback was circulated on 28 January 2026. The submission was made on 3 February 2026. A copy of this submission is provided as Attachment 1.
10.2 Peter Kenyon, WEROC Roadshow	Request a quote to deliver a series of workshops across the WEROC region focused on engaging young adult in the communities in big picture innovative thinking.	The Executive Officer has been corresponding with Peter Kenyon via email, but a quote has not yet been supplied as Mr. Kenyon has been travelling overseas.

Recommendation:

That the status report be received.

RESOLUTION:

Moved: Ms. Emily Ryan

Seconded: Mr. Bryan Close

That the status report be received.

7. MATTERS FOR DECISION OR DISCUSSION

7.1 WEROC Priorities 2026

Author: Rebekah Burges, Executive Officer

Disclosure of Interest: No interest to disclose.

Attachments: Nil

Consultation: NA

Financial Implications: NA

Voting Requirement: Simple Majority

Background:

At the WEROC Inc. Board meeting held on 17 March 2025, the WEROC Board agreed on priorities for the 2025 calendar year. The following is a summary of the priorities agreed to, and the actions taken to date.

Constraints/ Challenges	Agreed actions for WEROC in 2025	Progress to date
Escalating compliance requirements are placing increased pressure on already limited Shire resources	<ul style="list-style-type: none"> Review need for assistance with Public Health Plans, once State Health Plan is released. Request that James McGovern attend a meeting with the WEROC CEOs to discuss the possibility of conducting a compliance health check. 	<ul style="list-style-type: none"> At the WEROC Inc. Board meeting held on 13 August 2025, it was resolved that Councils would independently develop or review their own Public Health Plans. In 2025, a number of meetings were conducted with James McGovern and his colleagues at Civic Legal. As the proposed process did not align with the needs of all Shires, engagement with Civic Legal occurred on an individual basis. A meeting was held with the CEO of WALGA late in 2025 to discuss the option of WALGA offering shared resourcing arrangements on a fee for service basis.
There is no flow on benefit from large scale developments (e.g., mining & renewable energy) in the region	Await the release of the WALGA community benefit framework before taking further action.	<ul style="list-style-type: none"> The WA Government released a Draft Guideline on Community Benefits for Renewable Energy Projects in mid-2025 and invited feedback. Individual Councils made submissions.
The lack of housing is a significant barrier to growth	Concentrate on the housing investigation already underway with the aim to have the work completed by August 2025	<ul style="list-style-type: none"> The WEROC workforce housing investigation has now been completed and an application to the Regional Housing Support Fund was submitted in late 2025.
Sustainability of childcare services	Childcare is still a priority but there is no clear way forward for WEROC to support this.	No action taken.
Tourism activation	Continue with current co-operative marketing initiatives.	<ul style="list-style-type: none"> WEROC entered into an agreement with the Central Wheatbelt Visitors Centre to manage social media

		<p>accounts for the Eastern Wheatbelt Self-Drive trail.</p> <ul style="list-style-type: none"> • WEROC has made contributions to several cooperative marketing campaigns to promote the trail.
Water	Meet with the Department of Water and Environmental Regulation (DWER) to discuss funding and opportunities for WEROC Councils.	<ul style="list-style-type: none"> • WEROC were successful in obtaining a grant to undertake the development of water audits for all seven Shires. These are due for completion in mid-2026.

Executive Officer Comment:

The above outlines our progress towards the agreed priorities for WEROC in 2025. It is recommended that we now consider the next steps and identify any new or emerging priorities to focus on for 2026.

Recommendation:

That the WEROC Board discuss and agree on priorities for 2026.

Comments from the meeting:

- It was mutually agreed that the current focus areas of waste, water, housing and roads should continue to be WEROC’s priorities for 2026.
- It was questioned if there has been a response from WALGA since the meeting in December 2025. The Executive Officer advised that a follow up email was sent to Kirsty Martin, Executive Manager Member Services, in early February and it was advised at that time that they have been looking into the request. Another follow up email will be sent.

RESOLUTION:

Moved: Mr. Bryan Close

Seconded: Ms. Emily Ryan

That the priorities for WEROC in 2026 will be waste, water, roads, and housing.

CARRIED

7.2 Joint ROC Forum

Author: Rebekah Burges, Executive Officer

Disclosure of Interest: No interest to disclose.

Attachments: Nil

Consultation: NA

Financial Implications: NA

Voting Requirement: Simple Majority

Background:

The Made in the Eastern Wheatbelt Forum brought together the three Regional Organisations of Councils from the Eastern Wheatbelt, along with key State government and industry representatives, to identify common priorities and start conversations about how to work together on practical solutions.

Executive Officer Comment:

Following the forum, it is recommended that the Board discuss general thoughts, key reflections and agree on next steps (if required).

Recommendation:

That the matter be discussed.

Comments from the meeting:

- The short, sharp format of the forum was praised.
- It was suggested that this be made an annual event but next time it would be good to showcase what we have done/are doing rather than just what our challenges are.
- Particular challenges around housing were discussed with land availability being a major blocker to development. Tim Reed from the Department of Planning, Lands and Heritage recommended reaching out to Sean Brown to discuss these challenges.

RESOLUTION:

Moved: Ms. Emily Ryan

Seconded: Ms. Alison Harris

That Sean Brown from the Department of Planning, Lands and Heritage be invited to the next WEROC meeting.

CARRIED

8. PROJECT UPDATES

8.1 Housing

Attachment 2: WEROC Inc. Application to the Regional Housing Support Fund

The WEROC workforce housing investigation which commenced in early 2025 is close to completion. The Wheatbelt Development Commission are currently finalising the town action plans, which will conclude the project.

An application to the Regional Housing Support Fund was made on 24 December 2025. As discussed at the WEROC Inc. Board meeting on 27 November 2025, the application was for the full cost to build the 34 dwellings identified over the six Shires.

The information and evidence that has been generated through this process is the starting point for securing funding for housing development. Other ROCs and Shires that have gone through this process have progressed further and undertaken additional work to be in a shovel ready position.

Comments from the meeting:

- At the ROC forum, a representative from the Department of Housing advised that they can review the completed workforce housing investigation to identify any existing programs that may support housing development, or to outline any additional information required to meet funding criteria. It was agreed that progressing discussions with the Department of Housing is worthwhile.

8.2 Strategic Waste Management

Attachment 3: WEROC Waste Management Review

The WEROC CEOs met with Ashley Fisher, Director of Avon Waste on Thursday 5 February 2026.

A summary of the recommendations for WEROC Shires is provided below. Mr. Fishers full presentation is provided as Attachment 3.

- Bruce Rock:
 - A recycling education program is recommended. Avon Waste can assist with this in consultation with Veolia.
 - There is potential to add more bulk recycling bins in town.
 - When the Bruce Rock landfill site reaches capacity, the Shire may need to consider introducing a transfer station (minimum of 14 bins) and waste being transported to a regional facility (Merredin or Bending).
- Cunderdin:

- The current monthly kerbside recycling collection is unique – most have a fortnightly collection. As a result, resident participation is quite low. More frequent collection would add a cost to the Shire but be offset by reduced tipping fees at Northam. Recycling education is also recommended.
- Avon Waste have noticed a considerable increase in volumes of waste since the transfer station in Cunderdin became unmanned.
- There is an option to have more cardboard only bins at the Cunderdin transfer station.
- Kellerberrin:
 - The introduction of kerbside recycling collection is recommended. There is high use of the bulk recycling bins in town and kerbside collection would reduce waste being sent to landfill.
 - Kellerberrin are interested in adding e-waste and mattress recycling.
- Tammin:
 - Currently do not have kerbside recycling collection. This could be introduced.
 - If the landfill site is decommissioned, a transfer station similar to what has been built in Corrigin or Kondinin would be a suitable option for Tammin. Waste would likely need to be transported to Merredin.
- Merredin:
 - A fresh round of recycling education is recommended.
 - Front lift bins at the gate could be installed to limit rubbish being taken to the tip face.
 - If Merredin are to become a regional waste facility a weighbridge needs to be installed to allow accurate capturing of waste entering the site for billing purposes.
- Westonia:
 - Westonia does not have a kerbside recycling collection. This could be introduced.
 - Similar to Tammin, if the landfill site is decommissioned a transfer station could be built and waste transported to the Southern Cross landfill.
- Yilgarn
 - Twice monthly kerbside recycling collection at the moment. It is recommended that this goes to fortnightly for consistency. A recycling education program is also recommended.
 - The addition of a weighbridge is recommended for more accurate recording of waste entering the site.

Comments from the meeting:

- The Executive Officer advised that the Western Metropolitan Regional Council is working on a quote to provide a waste education program for WEROC Shires. The quote will be circulated for consideration once it is received.

8.3 Roads

The WEROC CEOs met with Joanne Vinci (Senior Policy Adviser – Roads, Office of the Hon. Rita Saffioti MLA) and Belinda Stopic (Acting Executive Director Infrastructure Delivery) on Thursday 5 February 2026 via Teams. A summary of the discussion is provided below.

- A consultant has been commissioned to look at overtaking lanes on the Great Eastern Highway. They have identified that nine are needed between Northam and Merredin. The top four priorities are as follows:
 - Two between Northam and Meckering (one east and one west bound)

- One west bound between Kellerberrin and Hines Hill
- One east bound between Meckering and Cunderdin
- These four overtaking lanes are in Main Roads 10-year plan, and they are pushing for funding.
- The Great Eastern Highway is identified as one of the top priorities for Main Roads WA.
- It was questioned what the State response is to the Avon West project. They were not able to provide any comment.
- Ms. Stopic agreed to travel out to the region with Mohammad Siddiqui, Main Roads Regional Director for the Wheatbelt, and meet with the Shires to discuss specific concerns.
- Ms. Stopic will also follow up on a blackspot funding submission for the Shackleton Road, which was raised as an additional concern.

Comments from the meeting:

- The Executive Officer advised that no correspondence has been received from Belinda Stopic or Joanne Vinci since the meeting on 5 February. It was suggested that a further meeting be scheduled to obtain an update on the agreed action items.
- The meeting summary will be shared with Lachlan Hunters office so that he is aware of the discussion that has taken place.

8.4 Marketing/Promotion

WEROC as a partner organisation to the Wheatbelt Co-operative Marketing Group, contributes financially toward cooperative marketing initiatives in conjunction with Roe Tourism, NEW Travel, Pioneers Pathway and Australia’s Golden Outback. Part of this funding (\$2,200) is being used toward a “For the Road Trippers Campaign”, which will include drive trail information on the road trippers landing page, editorial content in the Sunday Times Explore Your WAY pull out, social paid ads, Australia’s golden outback member emails. The campaign will launch in February.

In addition to the co-operative marketing campaign, WEROC have co-contributed to a stand at the Perth caravan and camping show which is taking place from 19 to 22 March 2026. The Central Wheatbelt Visitors Centre will be attending in-person to represent the Eastern Wheatbelt self-drive trail.

9. EMERGING ISSUES

NIL

10. OTHER MATTERS (FOR NOTING)

10.1 Wheatbelt Medical Student Immersion Program 2026

The Wheatbelt Medical Student Immersion Program for 2026 is scheduled for Tuesday 10 to Friday 13 March 2026.

At the WEROC Inc. Board meeting held on 27 November 2025, discussion was held around cultural engagement activities conducted during the visit. Mr. Raymond Griffiths advised that he would be meeting with representatives from the University of Notre Dame to discuss the Kellerberrin activity specifically.

Mr. Griffiths provided a meeting summary (via email) on 28 November 2025. The principal outcome of the discussion was that Notre Dame agreed to seek clarification from the Ballardong Aboriginal Corporation on appropriate cultural representation for the area.

10.2 Disaster Ready Fund

WEROC have discussed applying to the next round of the Disaster Ready Fund for a high output portable generator and portable mobile phone tower. Round 4 is expected to open in early-to-mid 2026.

For the Boards interest, the successful projects from Round 3 were announced on 17 November 2025 and are listed below.

Successful Project	Amount of Funding Received
Mitigate the risk of seawater inundation of South Carnarvon	\$5,582,831
Kwinana power up project (mobile trailer mounted generator) and electrical connection upgrades at evacuation centre	\$30,816
Jamukurnu-Yapalikurnu Aboriginal Corporation disaster resilience planning	\$300,000
Karajarri Ranger capacity building to mitigate extreme wildfire risks	\$895,114
HeatWatch - Department of Health (WA)	\$246,752
Flash flood warning system in Karijini National Park	\$228,785
Establishment of a remotely piloted natural hazard monitoring capability (DFES)	\$1,221,000
Shire of York - Emergency Evacuation Centre backup power generator upgrade	\$134,500
DFES and Main Roads Multi Hazard Detection Network (Pilbara & Kimberley)	\$1,135,606
City wide data collection and flood modelling (Fremantle)	\$399,000

10.3 Local Government Rural Health Funding Alliance

Attachment 4: Pre-budget Submission

The Local Government Rural Health Funding Alliance commissioned Econosis to conduct a cost-benefit-analysis on the rural generalist hub model, to support a pre-budget submission requesting a commonwealth sustainability payment disbursed as a pilot program at \$6m per annum, with eligibility limited to the MM6–MM7 local governments in the Alliance. A copy of the submission is provided as Attachment 4.

11. FUTURE MEETINGS

The schedule of meeting dates and locations for 2026 is as follows:

WEROC Inc. Board Meetings

Date	Host Council
Monday 16 February 2026	NA – being held at the conclusion of the joint ROC forum
Wednesday 6 May 2026	Bruce Rock
Wednesday 29 July 2026	Merredin
Wednesday 23 September 2026	Tammin
Thursday 26 November 2026	Kellerberrin

The next meeting will take place in Bruce Rock on 6 May 2026.

12. CLOSURE

There being no further business the Chair closed the meeting at 2.16pm.

1. Great Eastern Country Zone Meeting Minutes – February 2026.	

Summary

Council is asked to receive the minutes from the previous Great Eastern Country Zone Meeting.

Background

The last Zone meeting was held on the 12 February 2026 at the Shire of Trayning.

Consultation

Nil.

Statutory Environment

Nil.

Policy Implications

Nil.

Financial Implications

Nil.

Strategic Implications

Shire of Bruce Rock Strategic Community Plan 2022-2032	
Outcome:	4.0 Governance Priorities
Strategy:	4.1 Our organisation is well positioned and has capacity for the future.

(This space is intentionally blank).

Risk Implications

Risk	Risk Likelihood	Risk Impact / Consequence	Risk Rating	Principal Risk Theme	Risk Action Plan (Controls or Treatment proposed)
That Council does not receive the minutes or object to decisions of the WEROC Inc Board meeting.	Rare (1)	Insignificant (1)	Low (1-4)	Compliance Requirements	Accept Officer Recommendation

Risk Matrix

Consequence Likelihood		Insignificant	Minor	Moderate	Major	Catastrophic
		1	2	3	4	5
Almost Certain	5	Medium (5)	High (10)	High (15)	Extreme (20)	Extreme (25)
Likely	4	Low (4)	Medium (8)	High (12)	High (16)	Extreme (20)
Possible	3	Low (3)	Medium (6)	Medium (9)	High (12)	High (15)
Unlikely	2	Low (2)	Low (4)	Medium (6)	Medium (8)	High (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Medium (5)

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives: occupational health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating of **one (1)** has been determined for this item. Any items with a risk rating of 10 or greater (considered to be high or extreme risk) will be added to the Risk Register, and any item with a risk rating of 16 or greater will require a specific risk treatment plan to be developed.

Comment/Conclusion

To encourage the ongoing Great Eastern Country Zone partnership and promote a better understanding by all Councillors it is recommended that Zone minutes be read and received by Council. The CEO and Cr Strange attended the meeting.

The following items are highlighted for Councils attention:

1. NBN updates were a major focus - The Zone received a briefing from NBN Co on fixed line internet upgrades, Copper to Fibre (FTTP) upgrades, fixed wireless tower upgrades, the upcoming launch of NBN's LEO Satellite, and Emergency Response STAND Sites.
2. Renewable energy planning reforms were presented - WALGA's Senior Policy Advisor – Planning presented on the draft Renewable Energy Planning Code and Guidelines, signalling ongoing policy attention to renewable energy development and land use planning.

3. Work has commenced toward the 2027 Zone Conference - Member local governments have been invited to nominate by 9 March 2026 to host the 2027 Zone Conference, serve on the planning committee, and suggest themes, ideas, and speakers.
4. The Zone is moving toward a standing emergency mutual aid arrangement - The Zone resolved to pursue a standing Memorandum of Understanding for mutual aid during emergencies, to be noted or renewed annually through the Zone process. This is one of the more practically significant outcomes from the meeting.
5. Secondary Freight Network status was flagged as a regional priority - The Zone requested the Executive Committee to consider the status of the Wheatbelt Secondary Freight Network for 2026/27, indicating continuing concern about transport infrastructure and freight priorities.
6. Constitutional amendments are still being refined -The Zone noted amendments to the Zone Constitution and invited any further comments to the Zone Executive by 9 March 2026, ahead of finalisation at the April meeting.
7. The Zone supported the State Council aviation advocacy position - The Zone supported all recommendations for matters for decision on the State Council Agenda, specifically including Aviation Advocacy Positions.
8. WALGA and broader advocacy issues were updated - State Councillor Cr Stephen Strange briefed the meeting on WALGA business, including State Council and policy team activity, the Government's review of the Biosecurity and Agriculture Management Act, management arrangements for the Polyphagous shot-hole borer, and advocacy regarding elected members using a locality rather than a full street address on campaign material.
9. Key regional agencies reported to the Zone - Updates were provided by the Wheatbelt Development Commission, Regional Development Australia Wheatbelt, Main Roads WA, CBH, and the Wheatbelt District Emergency Management Committee.
10. Next meeting details - The next Great Eastern Country Zone meeting will be held on Thursday, 23 April 2026 at the Shire of Cunderdin.

Voting Requirements

Simple Majority

OFFICERS' RECOMMENDATION

That Council receives the minutes of the Great Eastern Country Zone meeting held on the 12 February 2026 at the Shire of Trayning.

Zone Minutes on a Page

12 February 2026

Speakers

- Ms Jenny Thomas from NBN Co delivered updates on NBN projects including NBN Fix Line Internet upgrades; Copper to Fibre (FTTP) upgrades; fixed wireless tower upgrades; upcoming launch of NBN's LEO Satellite; and Emergency Response STAND Sites.
- Mr Kieran McGovern, WALGA Senior Policy Advisor - Planning, presented on the draft Renewable Energy Planning Code and Guidelines.

Zone Business

- **Zone members are invited to, by 9 March 2026, contact the Executive Officer (Sam McLeod) to:**
 - **Nominate their Local Government to host the 2027 Zone Conference;**
 - **Nominate to serve on a Conference Planning Committee; and/or**
 - **Provide comments on potential themes, ideas, and speakers for the Conference.**
- The Zone resolved to write to President Karen Chappel AM JP to thank and congratulate her on completing her tenure as WALGA President.
- The Zone resolved to note amendments to the Zone Constitution and to provide any further comments to the Zone Executive by **9 March 2026** before the item is presented to the Zone for finalisation at the April meeting.
- The Zone resolved to pursue a standing MOU regarding mutual aid during emergencies to be noted/renewed annually through the Zone process.
- The Zone requested the Executive Committee to consider the status of the Wheatbelt Secondary Freight Network for 2026/27.
- The Zone in-person training is being held on 9 March 2026 at Westonia. Registrations have closed.

State Council Agenda

The Zone supported all the recommendations for Matters for Decision:

9.1 Aviation Advocacy Positions.

The full State Council Agenda can be via this [link](#).

Reports

The following reports were spoken to at the meeting:

- Wheatbelt Development Commission;
- Regional Development Australia Wheatbelt;
- Main Roads WA;
- CBH; and
- Wheatbelt District Emergency Management Committee.

Zone Chair, President Cr Tony Sachse welcomed all Zone Delegates and Agency representatives, as well as thanked Guest Speakers.

State Councillor, Cr Stephen Strange

Cr Strange provided an update to the meeting on various WALGA matters including:

- Recent and upcoming business of State Council and Policy Teams;
- Overview of the Government's Review of the Biosecurity and Agriculture Management (BAM) Act as well as the Polyphagous shot-hole borer Transition to Management;
- Update on the Electoral Address Advocacy Position - Elected Members should not be required to put their address on their campaign material (particularly in the Metropolitan regions) and should instead be able to put a locality.

Minutes

Minutes from the meeting can be accessed on the [WALGA website](#).

Next Meeting

Please note the change in meeting location.

The next Zone meeting will be held on Thursday, 23 April at 9:30am (9:00am arrival) at the Shire of Cunderdin.
