*Item 10.2.4 Attachment A – Independent Auditor’s Report
2023*

Summary

Following consultants Dry Kirkness’ completion of the Shire of Bruce Rock’s (Shire) final audit for the year ending 30 June 2023 on behalf of the Office of the Auditor General (OAG), the OAG has issued an Independent Auditor’s Report (Report) on the Shire’s financial statements (Attachment A).

Background

This is the fifth audit that the OAG has overseen for the Shire, and the first audit that Dry Kirkness was contracted to conduct on its behalf.

Butler Settineri, which completed last year’s audit, was taken over by Dry Kirkness during the financial year. Mr Robert Hall, Director, has been involved in both audits.

Comment

As outlined in its Report, the OAG has found that the Shire’s financial report is:

- based on proper accounts and records;
- presents fairly, in all material respects, the results of the operations of the Shire for the year ended 30 June 2023 and its financial position at the end of that period; and
- in accordance with the Local Government Act 1995 and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards.

Summary

Council is asked to approve the manner in which to proceed with the sale of the vacant lot located at 40 Farrell Street, Bruce Rock.

Background

On 23 March 2023, Council received a written offer of \$12,500 (inclusive of GST) from Ms Anita Foster to purchase one of Council's controlled (Crown Land) vacant lot located at 40 Farrall Street, Bruce Rock.

Following a market valuation process undertaken by the Shire of Bruce Rock (Shire), at its Ordinary Meeting of 20 April 2023, Council resolved the following:

1. In accordance with section 3.58 of the Local Government Act 1995, the Shire's Chief Executive Officer (CEO) to give local public notice of Council's intention to sell the lot at 40 Farrall Street to Ms Foster for \$12,500 (including GST).
2. At the conclusion of the notice period:
 - a. should there be no public submissions, the CEO to proceed with the sale; or
 - b. should submissions be received, an item to be presented to the May 2023 Ordinary Meeting of Council to consider the submissions, prior to the execution of the disposal/sale of the lot.
3. That, if the sale proceeds, staff commence the process of transferring Crown Land to Council, liaising with the Department of Lands.

In April 2023, the Manager of Governance and Community Services (MGCS) contacted the Department of Lands to enquire about the process to transfer the Crown Land to Council.

Comment

In response to the MGCS's enquiry, on 3 November 2023, the Department of Lands advised that:

- the Shire is not able to proceed with the sale of the lot at market value, as resolved by Council in April 2023; and
- the options available for the sale of the lot are as follows:
 - **Option 1** – Direct market value sale between the Department of Lands and Ms Foster. The Shire would be required to provide its valuation for assessment by Landgate.
 - **Option 2** – The Department of Land releases lot 193 from Reserve 42488 (that is, the lot located at 40 Farrall Street) and transfers it to the Shire for \$500. The Shire must then transfer the lot to Ms Foster for \$500.

Regardless of the sale option selected, before any potential land sale can occur:

- the Department of Lands will be required to undertake a series of statutory referrals; and
- the Shire will be required to provide a statutory declaration regarding contamination and/or other interests to satisfy Landgate's registration process.

It is recommended that Council proceed with sale option 2, as this approach:

- is consistent with all sales undertaken since 1992, when the land was reserved; and
- will support the development of the lot at 44 Farrall Street and other lots controlled by Council in future, consequently facilitating the increase of housing stock in the Bruce Rock townsite. This is consistent with goal 4.3 of the Shire’s Strategic Community Plan 2017-2027, as below.

Goal 4: Workers and their families can work and reside in the Shire

4.3 – Promote existing residential land and plan for future commercial and residential land developments to meet current and future needs

(2) *Except as stated in this section, a local government can only dispose of property to –*

(a) *the highest bidder at public auction; or*

(b) *the person who at public tender called by the local government makes what is, in the opinion of the local government, the most acceptable tender, whether or not it is the highest tender.*

(3) *A local government can dispose of property other than under subsection (2) if, before agreeing to dispose of the property –*

(a) *it gives local public notice of the proposed disposition –*

(i) *describing the property concerned; and*

(ii) *giving details of the proposed disposition; and*

(iii) *inviting submissions to be made to the local government before a date to be specified in the notice, being a date not less than 2 weeks after the notice is first given;*

and

(b) *it considers any submissions made to it before the date specified in the notice and, if its decision is made by the council or a committee, the decision and the reasons for it are recorded in the minutes of the meeting at which the decision was made.*

(4) *The details of a proposed disposition that are required by subsection (3)(a)(ii) include –*

(a) *the names of all other parties concerned; and*

(b) *the consideration to be received by the local government for the disposition; and*

(c) *the market value of the disposition –*

(i) *as ascertained by a valuation carried out not more than 6 months before the proposed disposition; or*

(ii) *as declared by a resolution of the local government on the basis of a valuation carried out more than 6 months before the proposed disposition that the local government believes to be a true indication of the value at the time of the proposed disposition.*

10.5.1 Request for Provision of Council Bus Service to Merredin Train Station for Perth Medical Appointments

Summary

Council is asked to consider a request from the Bruce Rock Senior Citizens Committee seeking Council to provide a bus service from Bruce Rock to the Merredin Train Station, so that seniors can catch the train to Perth for medical appointments.

Background

Council received the following two letters in October 2023 seeking Council consideration to provide a bus service from Bruce Rock to the Merredin Train Station, so that seniors can catch the train to Perth for medical appointments.

Letter received from Mrs Mary Schick

Re: Transportation option for Bruce Rock Residents to meet up with Perth Train in Merredin

At recent September Seniors meeting its was brought up by Ms Schick to approach the Seniors in support for a service that would allow us to get to Merredin and return to meet the East Perth train.

The availability of transport to get to the train station at Merredin to meet up with trains to East Perth and return so as to get to medical appointments is very important to us and would relieve us of a lot of stress and anxiety. Road systems have changed very much in Perth and it is a bit much for some.

It is also understood, that there would be no shopping time and there might be a fee.

We would look favourably and fully support this service if it was to be implemented.

Letter from Bruce Rock Senior Citizens

At a recent September Seniors meeting it was brought up by Ms Mary Schick that she had contacted the Shire regarding a service that would allow us to get to Merredin and return to meet the East Perth train. Ms Schick asked the Seniors that if we were interested in this then we should let you know.

After some discussion, the Committee realized the availability of transport to get to the train station at Merredin, to meet up with trains to East Perth and return, was very important when residents were requiring medical appointments in Perth. We are becoming an ageing community and many no longer drive, have family in town to assist, and in Merredin there is nowhere to leave your car safely. This would relieve community members of a lot of stress and anxiety on how they will keep their appointments.

Also, Stephen, the road systems in Perth have changed over the years, and many find it very difficult to drive to or in Perth; the distance is now too far for some of the elderly to drive.

We do realise that there will be a fee for the trip. We the BK Seniors fully support this service if the Shire saw their way to implement this.

This request was discussed at the October 2023 Councillor Information Session, where it was agreed that a survey would be distributed to seek feedback from individuals to determine the overall need from the Bruce Rock Community for a bus service from Bruce Rock to the Merredin Train Station, so that seniors can catch the train to Perth for medical appointments.

Initially, only two responses to the survey were received. Subsequently, a request to include all community members in the survey was made. In response to this request, the survey was redistributed and placed in the Rock Review and social media, and provided to Mrs Mary Schick and the Bruce Rock Senior Citizens to distribute. Hard copies were also made available at the Shire Office, the Medical Centre and the CRC.

At the close of the second round of surveys, the Shire received a total of eight responses.

A summary of the results provide the following information for consideration:

- Respondents' Age Groups:
 - 6 over 55
 - 2 under 55
- All respondents had a driver's license.
- Only 3 currently catch the train to Perth for medical appointments.
- Only 1 Person left their car in Merredin while travelling to Perth.
- All 8 responses indicated that they would use the train on an as needed basis for medical appointments.
- 1 person said they would use the service between 6 – 12 times per year, while the majority said less than twice per year.
- All 8 said they would be prepared to pay a fee for the bus service.
- Other Comments
 - It would be a very good idea. I have two friends that I regularly collect from the train.
 - I would use the train service for all trips to Perth if I could get to the train station and back.
 - I think its great idea especially for people that don't drive or don't have their own transportation.
 - Would be great to go on shopping trips.
 - Why do you assume only old people need this service? There are plenty of younger people who may not have a car, may not be allowed to or too ill to drive.

The last comment above makes a good point. However, the initial reason that the survey was not open to everyone is that the request came specifically from the Seniors. As such, they were the target group. This was then expanded and the survey title of "Seniors" was removed and redistributed increasing the submissions from 2 to 6 (noting only 2 responses had been received prior to first round).

Comment

The responses received were limited and did not indicate significant interest in the provision of a Council funded bus service to catch the Merredin train to Perth, noting that all 8 respondents had a driver's license and vehicle.

Whilst the sentiment of the anxiety, stress and complications around getting to appointments in Perth is noted, the low survey response and results did not show significant need that would warrant a bus service. This was also backed by the statistics that most people had ad-hoc appointments and were less than a couple of times per year.

The cost to the Shire for the provision of the community bus for a trip to Merredin and return would be \$244 without a driver. This includes fuel, consumables and operational costs.

The ability to coordinate more than 1 or 2 people travelling on the same day would be limited. Then the coordination of their return trip would make the service very expensive and not practical. This is also if the bus is available and not booked for other events or by other community groups.

The Chief Executive Officer contacted a neighbouring Shire that had previously run a similar service. The Shire advised:

It was a bus service which included financial support from PTA as a trial for medical appointments in Merredin, we used to pay someone to drive the community Bus to Merredin and back, perhaps once a fortnight. The service was extremely underutilised and was winding up in April 2017. There was only one user and the person was going over to Merredin, doing their shopping as well. We were not encouraging people to shop out of town and the service ceased in May 2017.

Whilst there is obviously a need for some residents to be able to travel to the Merredin train station to attend appointments in Perth, the proposed model of the Shire providing a bus service would be very expensive versus the use it would receive.

There could perhaps be options for the Bruce Rock Seniors Citizens Group to seek local volunteers who consider driving those in need to catch the train with a nominal fee paid by the user. The provision of volunteers with cars could also be something that could be considered by the Bruce Rock CRC as part of the Mabel model, especially those with Home Care Packages.

This request has probably highlighted that Council has not reviewed its Aged Friendly Community Plan in recent years and that, with the strategies of CEACA, Council's new Public Health Plan, the introduction of "Staying in Place" model, and points recently raised by the Bruce Rock Senior Citizens Group, a review should be undertaken. This would include consultation with the Bruce Rock Senior Citizens Group.

Consultation

Survey distributed to the community via the Rock Review, social media, website and hard copies placed at the Medical Centre, the Shire Office and the CRC, as well as hard copies provided to the Bruce Rock Senior Citizens Group.

Financial information provided by Council's finance team.

Research also undertaken and information provided back from a similar Shire as to its previous experience with a similar model.

Inform the Bruce Rock Senior Citizens of the unreasonable costs to provide a bus service and, with no ability to adequately coordinate more than one person at a time, options to seek other support from Staying at Home Care Model should be explored.		

Financial Implications

Finance staff have undertaken an estimated dollar rate per kilometer for the operating costs for the community bus, which equates to \$2.44 per kilometer. This does not include costs associated with paying a driver. If there is a volunteer driver, they would need to meet the requirements set by our insurers for the provision of a paid service.

- 1) That Council consider the survey results and advise the Bruce Rock Senior Citizens Group that, whilst Council is supportive of services for seniors and the community, the limited response, results of the survey and costs associated make the proposal of a Shire bus service to the Merredin train station for medical appointments in Perth prohibitive.
- 2) That staff advise the Bruce Rock Senior Citizens Group that they may wish to consider setting up a car volunteer system or liaise with the Bruce Rock CRC to consider its new Staying in Place support services through Mabel and their Home Care Packages.
- 3) That staff undertake a review of its Aged Friendly Community Plan, undertaking public consultation with the community and target groups.

Summary

Council is asked to consider the schedule of Ordinary Council Meeting dates for 2024.

Background

It is a requirement for Council to advertise at least once each year the dates set for Ordinary Council Meetings. The Shire of Bruce Rock holds its Ordinary Council meetings on the 3rd Thursday of each month, except in January.

Comment

In line with the above, the 2024 schedule of Ordinary Council Meetings would be as follows:

- Thursday 15 February 2024
- Thursday 21 March 2024
- Thursday 18 April 2024
- Thursday 16 May 2024
- Thursday 20 June 2024
- Thursday 18 July 2024
- Thursday 15 August 2024
- Thursday 19 September 2024
- Thursday 17 October 2024
- Thursday 21 November 2024
- Thursday 19 December 2024

There are no foreseeable clashes with public holidays or other events that would require Council to vary any of the proposed meeting dates. However, Council may want to consider bringing the December Council Meeting forward.

The current meeting day schedule is as follows;

11.00am Councillor Information Session
1.15pm Lunch Served
2.00pm Bus Tour
2.30pm Finish Councillor information Session, if required
3.00pm Council Meeting commences

Item 11.3 Attachment A – WEROC Inc Board Meeting Minutes

Item 11.3 Attachment B – WEROC Inc AGM Minutes

Summary

Council is asked to receive the minutes from the previous WEROC Inc Board Meeting and Annual General Meeting.

Background

The last WEROC Inc Board Meeting and Annual General Meeting were held on 29 November 2023 at the Shire of Bruce Rock Council Chambers.

Comment

To encourage the WEROC Inc partnership and promote a better understanding by all Councillors, it is recommended that WEROC Inc minutes be read and received by Council.

The Chief Executive Officer and Cr Rajagopalan attended the meeting.

The Annual General Meeting was undertaken where the Shire of Merredin has taken over the Chair of WEROC for the next two year period.

The following items are highlighted for Council's attention:

7.1 Contract Review for Executive Services

The provision of Executive Services to the WEROC Inc. Board is outsourced to a consultant on a fixed-term basis. The current contract for delivery of Executive Services is held by 150 Square Strategic Solutions, with the term expiring on 28 February 2024.

Board Members are very satisfied with the services being provided and resolved to extend the contract until 28 February 2026.

7.3 WEROC Futures Discussion

Board Members reviewed the current WEROC Strategies and Directions, then agreed to a direction and steps for developing WEROC's Strategic Plan and WEROC Future Directions, including Economic Development.

7.4 WEROC Drive Trail

As part of WEROC collaborative approach to improve Tourism within the WEROC Shires, Members agreed to progressing with the following initiatives:

- WEROC Self Drive Trail Planner was adopted
- 2,000 printed copies of the drive trail map/brochure to be ordered
- Two or three basic sign designs to be prepared, one of which can then be selected to go across all sites.
- A single sign design that is replicated at each site. The sign will feature a drawn map showing the location of each point of interest with a number in the pointer. Each Shire can order as many of these as they require, at an individual cost per Council.

7.5 Wheatbelt Medical Student Immersion Program

Comments from the meeting:

- Members commented that there are concerns over the billeting process and the itineraries, which still seem to limit the students’ experience of living in a regional community. Communication between the program organisers and the Shires is also lacking.
- It was requested that the Executive Officer organise a meeting between the WEROC Board and Rural Health West to talk through some of the concerns.

A Teams meeting was held on 7 December 2023 with the University. An update on the outcomes of the meeting will be provided at the Council meeting.

9.1 Lotterywest Funding Application Process

The new process for Lotterywest grants involves a multi-step application process and the requirement to complete a training course to be eligible to access funding. There is also a requirement to have a Reconciliation Action Plan and to have consulted with the local Indigenous community on the project. The latter requirement is very difficult to achieve when there is not an active Indigenous group in the community.

The full version of the minutes is attached for Councillors’ reference.

Summary

Council to consider a proposal for inclusion of a Monthly Concession Pass for the Bruce Rock Aquatic Centre in its fees and charges schedule.

Background

As part of its set fees and charges, Council provides the option of a Monthly Pass for access to the Bruce Rock Aquatic Centre.

Council has received a request from a resident, who is on a pension, for consideration of a concession, similar to what is provided for the daily and season passes. The reason for the monthly pass request is that they have a referral from a Medical Practitioner.

A standard monthly pass to the Bruce Rock Aquatic Centre is \$55.

Comment

Council provides a concession discount to eligible pensioners for all monthly and daily passes, and whilst there is an established monthly pass option, there has not previously been considered for a concession.

This request has merit and has previously not been included as an option as traditionally the monthly pass option has come from temporary workers to the Shire, such as relief nurses or seasonal workers who are only in Bruce Rock for a short period.

Following assessment of the concessions provided to the season and daily pass, if Council was to approve the implementation of the new fee, the calculated monthly pass concession would be \$30.

As Council is adding a new fee to the adopted budget's fees and charges schedule, a public notice is required to be made.

This item has been evaluated against the Shire of Bruce Rock’s Risk Management Procedure’s Risk Matrix. The perceived level of risk is considered to be “Moderate” risk. As a High Risk, the Manager of Finance will be monitoring the progress regularly.		

Financial Implications

The likelihood of many requests for the monthly concession pass to the Bruce Rock Aquatic Centre is low and has not previously been requested. If Council approves this request it may slightly impact the overall income of the aquatic centre. Estimated less than \$100 per annum, however it may increase the use of the monthly pass for eligible concession holders increasing the income.

Overall the financial impact of this request is extremely low.

Attachment A – Minutes and Decision Relating to Resolution OCM July 23 – 10.5.3

Summary

Council is asked to endorse the updated Project Submission for Bruce Rock’s component of the Joint Growing Regions Program – Workers Accommodation Proposal.

Background

Attached are the minutes relating to Council’s endorsement, at the July 2023 Ordinary Meeting, for making a joint grant application (with seven Local Government’s) for the Federal Government’s Growing Regions Program. Council supported the submission for step one of the process being an Expression of interest.

The following resolution was made;

OFFICER RECOMMENDATION AND COUNCIL DECISION

Moved: Cr Negri

Seconded: Cr Verhoogt

That Council supports the joint grant application between the seven Local Governments for the Wheatbelt Worker Housing Project through the Federal Government’s Growing Regions Program, with the following commitments:

- utilising Council owned land at Lot 88 and 90 Johnson Street, Bruce Rock; and*
- should the grant application be successful, Council will make a financial contribution in the 2025-2026 financial year for \$267,844, plus in kind project management.*

Carried 7/0

The lead Council, Shire of Tammin, has been advised that the Expression of Interest has been approved and the group has been requested to make full application by the 15th January 2024.

Comment

Each Council in the group is now preparing and compiling the additional information has been requested and will form part of the joint submission through the Growing Regions Program for housing projects across the 7 wheatbelt councils.

It is seen that there is strong economic and social benefits for the community and surrounding areas if this project is successful. Not only will this worker housing assist Council in filling positions within the organization, but has the potential to free up other housing to assist in addressing the housing shortage in town.

The provision of this housing will improve regional liveability by assisting assists community to maintain its workforce, which supports the local economy and helps to sustain community groups and community facilities.

The CEO has prepared majority of the required information on behalf of Bruce Rock, however it has been identified that a more suitable location for Bruce Rock’s two dwellings is available.

At the time of the expression of interest staff identified the vacant land, owned by Council, at Lot 88 & 90 Johnson Street, Bruce Rock, however after reviewing this site it has been noted that there will be additional costs associated as it does not form part of the STED sewer scheme, the site will require a significant amount of earthworks and planning parameters around two dwellings on this site may prove difficult.

Staff have reviewed the remaining Council owned vacant lots and identified the most suitable site to be at 5 Westral Street, Bruce Rock. This site will accommodate the two properties (2 dwellings being 2 bedroom x 2 bathroom), meeting both the planning requirements and has direct access to the STED Sewer Scheme.

Council’s financial contribution will be equal to 30% of the cost of the workers’ accommodation to be built in Bruce Rock.

Financial Implications

Below outlines a proposed budget. The quote provided by Evoke Living Homes includes most component for the construction of two (2 bedroom x 2 bathroom) units with larger living space compared to standard unit. The remaining components are indicative at this stage.

Council already owns the land required located at 5 Westral Street, Bruce Rock therefore no budget provision for acquisition of land is required.

The following is a summary of the project funding

Item of Expenditure	Total Cost (\$)	Source of Funds	Comments
Construction of two accommodation units, 2 bedrooms x 1 bathroom	\$580,000	Grant 70% Shire 30%	Budget Estimate from Building Company Quotes
Remaining costs associated with construction of residence, including fixtures, earthworks etc	\$212,816	Grant 70% Shire 30%	See Attached Spreadsheet for Breakup
Landscaping	\$14,000	Shire	Based on Previous Experience from similar recent works
Water Connection	\$6,000	Shire	Based on Previous Experience from similar recent works
Power Connection	\$10,000	Shire	Based on Previous Experience from similar recent works
Contingency	\$82,677	Shire	Based on 10% of total project costs
Project Management	\$3,960	Shire	Based on 45 hours work at \$88 per hour
Total Cost	\$909,453		

Should the grant application be successful a budget provision will be required in 2025/2026 financial year.

Funding of the Project would be split;

Growing Regions Program	\$554,971
Council's Cash and In-Kind contribution	\$267,844

Council will also project in kind project management costs of \$3,960

There is also a project contingency figure of \$82,677

Council currently has a Housing Reserve of approximately \$220,000 which can be utilised to fund a large portion of Council's contribution with the remaining funds to be from general revenue.

Attachment A – Department of Consumer Protection
Extended Trading Hours Policy and Application

Summary

Council is asked to consider a proposal to permanently extend Retail Trading Hours in Bruce Rock to commence at 7.00am in the Shire of Bruce Rock rather than the prescribed Retail Trading Hours commencing at 8.00am for Non-Metropolitan Local Government's.

Background

The Manager of Foodworks Bruce Rock Supermarket and Hardware has approached the Chief Executive Officer requesting information on the Shire's approval process for the extension of retail trading hours.

Proposed permanent extension to trading hours:

Monday to Friday 7.30am to 5.30pm

Saturday 8.00am to 2.00pm (these hours are already allowance under current prescribed hours)

Current prescribed hours under the Retail Trading Hours Act 1987 (WA)

Monday, Tuesday, Wednesday and Friday – 8.00am to 6.00pm

Thursday 8.00am to 9.00pm

Saturday 8.00am to 5.00pm

Sunday and General Public Holidays – No trading permitted

The CEO contacted the Consumer Protection Division of the Department of Mines, Industry Relations and Safety to seek guidance on the process for seeking a permanent extension to the retail trading hours for Bruce Rock.

If the Shire intends to seek approval from the Minister for a permanent/long term variation of trading hours within its local government area, a process of public consultation with the local community, business and tourism interests and local members of State Parliament is required to ascertain the views on the proposal to extend trading hours. The application needs to show there is community support for the proposal and that it is supported by Council.

The other option to allow for extended trading is for individual shops to apply to be certified as a small or special retail shop. Small retail shops are shops that are owned by up to six people, who operate no more than four retail shops, in which up to 25 people work in the shop at any one time. Shops that are certified as a small retail shop can trade 24 hours a day, every day of the year.

Special retail shops are considered necessary for emergency, convenience or recreation goods. Special retail shops can trade from 6am to 11.30pm on every day of the year but are restricted to only selling the types of goods prescribed for the category of special retail shop they are certified under.

A copy of the Department of Consumer Protection Extended Trading Hours Policy and Application documentation is provided as an attachment to this item.

There are many other regional local government that have received this adjustment, including neighbouring Shires of Merredin and Narembeen.

Comment

It is unlikely that approval would not meet all the requirements of a “small retail trader” due to the variety of product lines sold from the Foodworks Bruce Rock Supermarket and Hardware, therefore unable to apply for an individual business concession.

Therefore, the best option for this request to be approved would be to request the Shire of Bruce Rock to apply to the Minister for an extension to trading hours for all local general retail shops within Bruce Rock.

In accordance with the criteria for requesting Extended Trading Hours the Department will seek evidence that will provide the following details;

- Consultation with the local community, business and tourism interests and local Members of State Parliament has been undertaken to ascertain views on the proposal to extend trading hours;
- There is support within the broad community for the proposed change to the existing trading hours; and
- The applicant Local Government supports the proposal.

Application Requirements

The Department will seek evidence from applicants in the form of supporting documents or declarations that will provide the following:

- Who the application is being made on behalf of; eg Local Government, industry organisation or community group;
- Details of the support and resolution of the relevant Local Government council meeting;
- Details of the proposed trading hours arrangements being sought;
- The specific geographical area to which the variation will apply;
- Evidence of the level of support provided by the local community, local trader organisations, local tourism interests and local members of State Parliament. The submission should provide an overview of the position taken by each group consulted;
- Evidence of the consultation process undertaken by the applicant; and
- Confirmation that traders are aware that they have individual discretion to adopt or not adopt, the varied hours.

A copy of the application guide for “Non-Metropolitan Local Government Extended Trading Hours Submission – Permeant / Long Term adjustments is attached to this report.

Benefits of Varying Hours

The approval of extending the retail trading hours may have many positive impacts for the community, including but not limited to;

1. The needs of the Bruce Rock community are changing, with the increased amount of casual and shift workers including local and visiting trades, civil construction workers, Bruce Rock Engineering extensive employment of shift workers and DIDO and the Bruce Rock District Hospital, shopping hours need to be more flexible to allow workers adequate time to shop.
2. Lifestyle changes also benefit from more flexibility, the community given more freedom to attend to social and sporting commitments, including local early morning activities such as swimming, Personal Trainer, Bootcamps and Pilates workshops.
3. Increased trading brings with it increased employment this helps the local economy. It will also help to stop some of the retail; shopping leakage to other regional areas that already have extended shopping hours.
4. It will put Bruce Rock in a better position when attracting workers and families to move to town.

5. Bruce Rock is placed on several tourist routes through the Wheatbelt and Extended trading would help cater for that trade. We also have increased visitors staying at our Caravan Park and Kwolyin Campsite and earlier opening would help to make the area more attractive to travellers and tourists this also helping the local economy.
6. The retail trading area plays a crucial role in the community. Bruce Rock has been without adequate supermarket services for the past three years following the loss of the only supermarket in town, the new supermarket is playing a crucial role in reinvigorating the main street and wider economic benefits of the community.
7. Earlier opening means parents have early morning options to get lunch accessories.
8. The earlier opening is crucial for the hardware section of the new supermarket as it services local trades who start work earlier than the set 8.00am, these include local builders, plumbers, electricians, gardeners and the overall farming community.

Overall, it will benefit the local economy, convenient for other local businesses, more convenient for tourists, parents, commuters and the local community more readily available for all and it will provide increased employment and make family shopping more convenient and less stressful.

Extending trading hours and giving businesses more flexibility to trade will benefit the social and economic development of Bruce Rock and the district.

Council may also wish to consider extending the request to allow Retail Traders to open from 7.00am Monday to Friday, if they elect to. Whilst not a request at this stage it would eliminate the need for future requests that may occur.
