#### Summary

The purpose of this report is to seek Council endorsement and support for the Shire of Bruce Rock's participation in the Department of Transport and Major Infrastructure (DTMI) WABN Local Bike Planning (LBP) Grants Program.

#### Background

The Shire of Bruce Rock submitted an Expression of Interest (EOI) under the Western Australian Bicycle Network (WABN) Local Bike Planning (LBP) Grants Program administered by the Department of Transport and Major Infrastructure (DTMI).

The Shire has now been advised that the application has progressed to the next stage of assessment. As part of the assessment process, DTMI has requested confirmation that:

- The proposed Local Bike Plan aligns with relevant strategic planning frameworks;
- The project is supported internally by the Shire;
- The plan will align with DTMI planning and design guidance; and
- Support from the CEO and Council will be obtained prior to project commencement.

The proposed Local Bike Plan would assist the Shire in identifying future cycling and active transport opportunities within Bruce Rock and surrounding areas, including improved connectivity, recreational opportunities, road safety outcomes, and long-term transport planning initiatives.

#### Consultation

Consultation has been undertaken with:

- Chief Executive Officer;
- Executive Manager Technical Services; and
- Manager Works & Services.

#### Statutory Environment

Nil

---

### Policy Implications

The proposed project is consistent with the Shire's broader strategic planning objectives relating to infrastructure, recreation, community wellbeing, and transport planning.

### Financial Implications

At this stage, the report relates to Council support for the grant application process only.

Any future financial commitments associated with implementation of projects identified through the Local Bike Plan would be subject to future Council consideration and budget allocation processes.

### Strategic Implications

The project supports long-term strategic planning outcomes relating to:

- Integrated transport planning;
- Community infrastructure;
- Recreation and tourism opportunities;
- Road safety initiatives; and
- Improving accessibility and connectivity throughout the Shire.

### Risk Implications

In accordance with the Shire's Risk Management Framework, the following risks have been identified in relation to the proposed participation in the WABN Local Bike Planning (LBP) Grants Program.

Risk	Likelihood	Consequence	Risk Rating	Mitigation
Grant application unsuccessful	Possible (3)	Minor (2)	Medium (6)	Continue identifying alternative grant and active transport funding opportunities
Future implementation costs identified through the Local Bike Plan	Possible (3)	Moderate (3)	Medium (9)	Any future capital works or infrastructure commitments will remain subject to future Council approval and annual budget considerations
Community expectations regarding future cycling infrastructure delivery	Possible (3)	Minor (2)	Medium (6)	Clearly communicate that the current project relates to strategic planning only and does not commit Council to future construction works
Delays in preparation or delivery of the Local Bike Plan	Unlikely (2)	Minor (2)	Low (4)	Project timelines and consultant engagement processes will be monitored and managed through normal project management procedures

## Risk Matrix

Consequence Likelihood		Insignificant	Minor	Moderate	Major	Catastrophic
		1	2	3	4	5
Almost Certain	5	Medium (5)	High (10)	High (15)	Extreme (20)	Extreme (25)
Likely	4	Low (4)	Medium (8)	High (12)	High (16)	Extreme (20)
Possible	3	Low (3)	Medium (6)	Medium (9)	High (12)	High (15)
Unlikely	2	Low (2)	Low (4)	Medium (6)	Medium (8)	High (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Medium (5)

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative, or a deviation from the expected and may be related to occupational health and safety, financial, service interruption, compliance, reputation, and environmental objectives. Based on the Shire's Risk Matrix, the identified risks associated with this item are considered to range between Low and Medium risk categories. No risks identified are considered High or Extreme risks requiring inclusion within the Corporate Risk Register or development of a specific risk treatment plan at this stage.

### Comment/Conclusion

Consultation will occur with relevant stakeholders, community members, and Department representatives during preparation of the Local Bike Plan should funding be approved.

### Voting Requirements

Simple Majority

#### OFFICERS' RECOMMENDATION

1. Supports the Shire of Bruce Rock's participation in the Department of Transport and Major Infrastructure WABN Local Bike Planning (LBP) Grants Program;
2. Endorses the continuation of the application assessment process and preparation of a Local Bike Plan should funding be approved;
3. Confirms that the proposed Local Bike Plan aligns with the Shire's broader strategic planning objectives relating to community connectivity, recreation, road safety, and active transport planning; and
4. Authorises the Chief Executive Officer to provide the necessary confirmations and supporting documentation to the Department of Transport and Major Infrastructure in support of the application.

1. Financial Assistance Community Grant Applications	

#### Summary

Council is requested to approve the recommended applications to the Financial Assistance Community Grants for the 2026/2027 financial year.

#### Background

The Shire's Financial Assistance Community Grant 2026-2027 closed on Friday 1 May 2026. Funding of between \$1,001 - \$5,000 was available based on the applicant contributing at least 50% of the total project cost.

Three (3) applications were received with projects totalling \$6,737.64.

The table below shows a summary of the total project costs, cash and in-kind contributions (where mentioned) across the three (3) applications.

Applicant	Applicant Contribution			Financial Assistance Community Grant Request		
	Total Project	Cash (\$)	In-kind (\$)	% of Project	Cash (\$)	In-kind (\$)
Bruce Rock Football Club	\$2,803.50	\$1,403.50	0	50%	\$1,405.50	0
Bruce Rock Netball Club inc (Option 1)	\$5,400.00	\$2,700.00	0	50%	\$2,700.00	0

<b>TOTALS</b>	<b>\$13,478.78</b>	<b>\$6,737.64</b>	<b>0</b>		<b>\$6,737.64</b>	<b>0</b>

### **Assessment Criteria**

- All applicants must be based within the Shire of Bruce Rock, with a majority of members of the applicant organisation preferably being residents of the Shire;
- All applications for financial assistance must be submitted on the Shire of Bruce Rock “Application for Financial Assistance” form;
- The applicant should submit documented estimates of expenditure as part of the application (i.e. quotes or written estimates from suppliers). All estimates should be GST exclusive;
- All applications must be received by the designated closure date and time. No late applications will be considered; and
- Applications need to demonstrate the benefits to the community.

### **Ineligible Expenses**

- Uniforms;
- Consumables (including food and beverages, stationary and other office supplies);
- Awards and prizes;
- Recurrent salaries and recurrent operational costs;
- Completed projects or equipment already purchased;
- Projects that are the responsibility of other government agencies; and
- Deficit funding for organisations that are experiencing a shortfall in cash or revenue or anticipated revenue.

### **Consultation**

Consultation has occurred with the:

- Chief Executive Officer; and
- Deputy Chief Executive Officer.

### **Statutory Environment**

There are no known relevant statutory implications.

### **Policy Implications**

Council Policy 9.4 Community Engagement relates and has been complied with. No other policies relate.

### **Financial Implications**

If the officers’ recommendations are supported, an amount of \$6,737.64 will impact the 2026-2027 budget. It should also be noted that all amounts referenced are exclusive of GST.

### **Strategic Implications**

Shire of Bruce Rock Strategic Community Plan 2022-2032	
Outcome:	4.0 Governance Priorities
Strategy:	4.1 Our organisation is well positioned and has capacity for the future.

#### **Risk Implications**

Risk	Risk Likelihood	Risk Impact / Consequence	Risk Rating	Principal Risk Theme	Risk Action Plan (Controls or Treatment proposed)
Non Compliance with eligibility and assessment criteria	Unlikely (2)	Minor (2)	Low (1-4)	Compliance Requirements	Officer has conducted due diligence on assessment criteria.

## Risk Matrix

Consequence Likelihood		Insignificant	Minor	Moderate	Major	Catastrophic
		1	2	3	4	5
Almost Certain	5	Moderate (5)	High (10)	High (15)	Extreme (20)	Extreme (25)
Likely	4	Low (4)	Moderate (8)	High (12)	High (16)	Extreme (20)
Possible	3	Low (3)	Moderate (6)	Moderate (9)	High (12)	High (15)
Unlikely	2	Low (2)	Low (4)	Moderate (6)	Moderate (8)	High (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Moderate (5)

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives; occupational health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating of **four (4)** has been determined for this item. Any items with a risk rating over 10 or greater (considered to be high or extreme risk) will be added to the Risk Register, and any item with a risk rating of 16 or greater will require a specific risk treatment plan to be developed.

**Project Description:**

*Please summarise your project, including what your project is, how it will be managed, who it will cater for, what benefits or services it will offer or improve.*

**Describe your project:**

This project involves the purchase and installation of a split system (heating and cooling unit) in the timers hut at the Bruce Rock Recreation Centre. The aim is to improve comfort and working conditions for volunteers and officials who operate timing and game management equipment during sporting events throughout the year.

**How will the project be managed?**

The project will be managed by the club committee, who will oversee all stages of the process from planning through to completion. A quote has already been obtained from Colestan Electrics, who will carry out the supply and installation of the split system. The committee will coordinate the scheduling of works, ensure compliance with safety and facility requirements, and confirm that the project is completed to a high standard.

**Who will your project cater for?**

The project will cater for club volunteers, officials, and timekeepers who use the timers hut during match days. This includes our main timekeeper, a senior gentleman who is also our club patron, along with other match-day staff who assist with game operations.

**What benefits or services will it offer or improve?**

The installation of the split system will improve comfort, safety, and working conditions in the timers hut. It will help volunteers and officials stay focused, support accurate timekeeping, and improve the overall efficiency and experience of sporting events at the facility.

Please include any other details or supporting information/documentation *(i.e. letters of support, photographs, maps)*

**Project Description:**

Please summarise your project, including what your project is, how it will be managed, who it will cater for, what benefits or services it will offer or improve.

Describe your project:

SINCE THE OPENING OF THE INDOOR NETBALL COURT, GLARE FROM EXTERNAL LIGHT HAS BEEN A PERSISTENT ISSUE DURING DAYTIME MATCHES THROUGHOUT THE WINTER SEASON. THIS SIGNIFICANTLY AFFECTS THE VISION OF BOTH UMPIRES AND PLAYERS IMPACTING GAME MANAGEMENT, DECISION-MAKING AND OVERALL SAFETY ON COURT. PLAYERS REGULARLY REPORT DIFFICULTY TRACKING THE BALL & OTHER PARTICIPANTS, INCREASING THE RISK OF ERRORS & POTENTIAL INJURY IN THE FAST PACED MODERN GAME. OUR PROJECT AIMS TO REDUCE THE GLARE & THEREFORE

How will the project be managed? THE ASSOCIATED RISKS.

COORDINATION WITH THE APPROPRIATE DEPARTMENT AT THE SHIRE OF BRUCE ROCK TO COMMENCE WORK, ENSURING SHIRE PROPERTY IS MAINTAINED.

Who will your project cater for?

THIS PROJECT WILL BENEFIT THE ENTIRE NETBALL COMMUNITY, INCLUDING VISITING TEAMS WHO COMPETE AT THE FACILITY THROUGHOUT THE SEASON. IT WILL ALSO ENHANCE THE USABILITY OF THE VENUE FOR BROADER COMMUNITY EVENTS AND ACTIVITIES. IMPROVEMENTS WILL SUPPORT BETTER VISIBILITY AND FUNCTIONALITY FOR DISPLAYS & OTHER USES WITHIN THE SPACE.

What benefits or services will it offer or improve?

EFFECTIVE WINDOW DRESSINGS WILL REDUCE GLARE DURING DAYTIME MATCHES ENHANCING CONDITIONS THAT WILL DIRECTLY SUPPORT UMPIRES' GAME MANAGEMENT & DECISION-MAKING, WHILE IMPROVING PLAYER SAFETY - ALLOWING CLEARER TRACKING OF THE BALL & MOVEMENT IN A FAST PACED ENVIRONMENT. BEYOND COMPETITION, THESE UPGRADES WILL CREATE A MORE FUNCTIONAL & COMFORTABLE VENUE FOR COMMUNITY EVENTS, IMPROVING CONDITIONS FOR SPECTATORS, PRESENTATIONS AND OTHER ACTIVITIES HELD WITHIN THE FACILITY.

Please include any other details or supporting information/documentation  
(i.e. letters of support, photographs, maps)

## Cleaning Instructions

Do not clean for at least 4 weeks after installation.

Use a spray, synthetic sponge or a moist cloth to apply the cleaning solution. Warm water and a detergent can be used. Do not use brushes or abrasives or ammonia-based solutions in the cleaning process as they will scratch and deteriorate the film.

Dry with a good quality rubber squeegee, chamois or a moist soft cloth. Dry the edges thoroughly.

Polyester film is a tough wear-resistance product, but its surfaces are not as hard as glass and it can be damaged by abrasive cleaners and improper treatment.

## The Finished Product

All products which contain an adhesive rely on a curing process to obtain a proper bond. Window Film is exactly the same and during the drying process some changes will be observed. These changes are quite normal and should be expected. Initially you may notice that the film is not optically perfect. It could appear hazy and milky and the surface may have an orange peel effect or even quite large bubbles. This is no cause for concern. It is in fact a normal part of the drying process. After the adhesive has cured the apparent imperfections will disappear. This process will take from three to thirty days. Safety and Security Films may take longer dependant on the internal and external environment.

During this period the film is performing in exactly the same manner as it will when the adhesive is fully cured. Do not touch the film until the curing process is finished and do not wash it until it has been on the glass for at least 4 weeks. The small border or light which you see around the edge of each sheet of film, is an edge trim approximately 1.5to 3 millimetres. The gap is a safety margin, to ensure the complete sealing of the film to the glass and to allow for expansion and contraction of the glass.

Sometimes a customer feels that he sees a defect in the film when in actual fact it is in the glass itself. It is quite natural to look closely at a new purchase, but because we generally look through glass not at it, it is quite possible to see imperfections which have always been in the glass, but were never before noticed. A good rule is to look at the installation 10 feet (3metres) away, this is the distance which has been accepted by the Australian glass industry as the viewing distance for the appraisal of reflective glass windows. You can now fully enjoy the view through your windows, in comfort and privacy, without annoying glare or excessive heat.

## Insurance

We recommend that you notify your insurance company that Window Film has been applied to your windows, so that in the event of breakage, both the cost of the glass and the Window Film are covered. We have found that most companies do not require any additional premium for this cover.

Does your project require any approvals? No

## Project Description:

*Please summarise your project, including what your project is, how it will be managed, who it will cater for, what benefits or services it will offer or improve.*

### Describe your project:

This project seeks funding to purchase essential emergency response, first aid, and training equipment for the volunteer ambulance subcentre, which services our rural community. The proposed equipment will enhance our capacity to deliver timely, safe, and effective pre-hospital care during medical emergencies, accidents, and community incidents.

As a volunteer-run centre, our ability to respond depends heavily on the availability, reliability, and suitability of our equipment. Many items currently in use are outdated, shared, or limited in number, placing constraints on training and operational readiness. Grant funding will enable the centre to upgrade and supplement critical equipment to ensure volunteers are properly supported and patients receive high-quality care. Our recent Mass Casualty Training exercise, which was highly commended by our Group CEO, resulted in the recruitment of two new volunteers, with an additional three attending our fortnightly training sessions in order to get a 'taste' of volunteering with us.

The project directly supports improved emergency preparedness, volunteer capability, and patient outcomes within our local community.

### How will the project be managed?

The project will be managed locally by the volunteer ambulance centre's leadership team, under established governance and operational procedures.

Key management elements include:

- Equipment selection based on identified operational and training needs, aligned with ambulance service standards
- Procurement through approved suppliers to ensure quality, compliance, and value for money
- Asset tracking and storage in accordance with existing equipment management processes
- Training and familiarisation for volunteers where new or upgraded equipment is introduced

Overall management will be provided by the committee executive and Volunteer Development Officer, with assistance from the administration officer. Accountability will be maintained through existing reporting, inventory, and maintenance systems.

### **Who will your project cater for?**

The project will cater for:

- Local community members and visitors who may require emergency medical assistance
- Volunteer ambulance officers, by providing safer, more effective tools for emergency response and training

As the only local emergency medical service in the area, our subcentre supports a geographically dispersed population where access to hospital services can involve significant travel time. Improved equipment directly benefits residents of all ages, including older adults, families, workers, and seasonal visitors.

### **What benefits or services will it offer or improve?**

This project will deliver significant community and service benefits, including:

- Improved patient care through access to reliable, modern emergency and first aid equipment
- Enhanced volunteer safety, reducing physical strain and risk during emergency responses
- Stronger training outcomes, allowing volunteers to practise skills using appropriate equipment rather than shared or improvised alternatives
- Greater service sustainability, supporting volunteer retention and confidence in a rural setting

Overall, the project strengthens emergency medical services in a small town where volunteer responders play a vital role in protecting community health and wellbeing.

Please include any other details or supporting information/documentation (*i.e. letters of support, photographs, maps*)

## Summary of activities

The purpose of St John WA is to serve humanity and build resilient communities through the relief of sickness, distress, suffering and danger. The Group's principal activities throughout the financial year were the operation of five core businesses: Provision of first aid training and products; primary care including urgent care; event health services; patient transfer services and delivering the Western Australian emergency ambulance service. By undertaking these activities, St John WA was better positioned to serve humanity and build resilient communities through the relief of sickness, distress, suffering and danger.

### PRODUCT DETAILS

- Each shelf of the unit supports up to 250kg when weight is evenly distributed across the shelf
- Uprights feature rolled edges and integrated leg joiners for superior structural strength and stability
- Shelves are made from MDF, giving even support for a variety of stored items and maximising usable shelf space
- Racked together with a rivet-slot system, the unit can be assembled quickly without bolts or complicated tools
- Flexible assembly options. Available in 3 Widths - 620W, 920W & 1220W

The [Storage Geelong 5 Tier Shelf Rivet Rolled Edge 1813 x 920 x 620mm](#) brings practical, heavy-duty storage to garages, workshops or sheds with a clean, matte black finish and smart rivet-style construction. This five-shelf unit delivers reliable support with a 250kg uniformly distributed load per shelf. Its rolled-edge uprights and integrated leg joiners give the frame extra stability, so once assembled it feels solid under weight.

The five MDF shelves are perfect for storing boxes, tools, paint cans or garden gear — and you get generous shelf depth for bulky items. Assembly is simple thanks to the rivet-slot design, meaning you won't need nuts or bolts to get it up and running. With flexible assembly options and availability in multiple widths, it makes a practical, space-saving storage solution for home garages or work-shop corners.

Attachments	1. Schedule of Accounts Paid – April 2026

#### Summary

Council is requested to note the payments as presented in the Schedule of Accounts Paid for April 2026.

#### Background

Pursuant to Local Government Act 1995, Section 6.8 (2)(b), where expenditure has been incurred by a local government, it is to be reported to the next Ordinary Meeting of Council.

#### Consultation

Consultation has been undertaken with the Creditors Officer, Finance Officer and Executive Services Manager.

#### Statutory Environment

Local Government Act 1995, Section 6.8 (2)(b) and Local Government (Financial Management) Regulations 1996, clause 13 relates.

#### Policy Implications

The Council's Policy Manual contains no policies that relate and nor are there any proposed.

#### Financial Implications

All expenditure has been approved via adoption of the 2025/26 Annual Budget or resulting from a Council resolution.

#### Strategic Implications

Shire of Bruce Rock Strategic Community Plan 2022-2032	
Outcome:	4.0 Governance Priorities
Strategy:	4.1 Our organisation is well positioned and has capacity for the future.

## Risk Implications

Risk	Risk Likelihood	Risk Impact / Consequence	Risk Rating	Principal Risk Theme	Risk Action Plan (Controls or Treatment proposed)
Failure to present a detailed listing of payments in the prescribed form would result in non-compliance with the Local Government (Financial Management) Regulations 1996, clause 13, which may result in a qualified audit.	Rare (1)	Minor (2)	Low (1-4)	Compliance Requirements	Accept Officer Recommendation

## Risk Matrix

Consequence Likelihood		Consequence				
		Insignificant	Minor	Moderate	Major	Catastrophic
		1	2	3	4	5
Almost Certain	5	Moderate (5)	High (10)	High (15)	Extreme (20)	Extreme (25)
Likely	4	Low (4)	Moderate (8)	High (12)	High (16)	Extreme (20)
Possible	3	Low (3)	Moderate (6)	Moderate (9)	High (12)	High (15)
Unlikely	2	Low (2)	Low (4)	Moderate (6)	Moderate (8)	High (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Moderate (5)

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives: occupational health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating of two (2) has been determined for this item. Any items with a risk rating of 10 or greater (considered to be high or extreme risk) will be added to the Risk Register, and any item with a risk rating of 16 or greater will require a specific risk treatment plan to be developed.

*(This space is intentionally blank).*

1. Monthly Financial Report for April 2026	

#### Summary

In accordance with the Local Government Financial Management Regulations (1996), the Shire of Bruce Rock is to prepare a monthly Statement of Financial Activity for notation by Council.

#### Background

Nil

#### Consultation

Consultation has been undertaken with the Chief Executive Officer.

#### Statutory Environment

Local Government (Financial Management) Regulations 1996, regulation 34 relates.

#### Policy Implications

The Council's Policy Manual contains no policies that relate and nor are there any proposed.

#### Financial Implications

All expenditure has been approved via adoption of the 2025/26 Annual Budget.

Council is requested to review the April 2026 Monthly Financial Reports, noting that Council is advised of the following matters:

- The overall financial position for April 2026 currently stands at \$765,717 in surplus; a positive variant of \$261,951.
- Rates –The amount received to date is 94.8% of the total to be collected, and there is still more than \$92k still to be collected from both current rates and arrears. It should be noted that there is approximately \$28k related to Pensioner Rates and ESL Deferrals.
- The current amount of \$21,704 for 90+ day debts include 15 outstanding amounts which are being followed up.
- A total of 159 transactions to the value of \$647,403, including 132 Electronic Fund Transfers and Direct Debits were paid in April 2026, of which the vast majority were paid within 30 days.

- Capital projects – Year to date, a total of 13 or (42%) projects are now complete, with a further 14 or 45% in progress and nearing completion before the end of the financial year. It is likely that a further 4 or 13% of the projects will carry over into the next financial year due to various factors that have resulted in delays to the projects commencement and or completion.
- Employee costs for April have a positive variance of \$403K. The Shire has incurred year to date outsourced service delivery costs of \$133k. These costs are associated with finance, technical services, ranger services, waste contractors, environmental health, town planning and building services. These services are outsourced arrangements rather than charged directly via employee salary and wage costs. The total year to date cost, combining employee and outsourced services is \$2,661,988, resulting in a positive variance of \$270,389 year to date.

### Strategic Implications

Shire of Bruce Rock Strategic Community Plan 2022-2032	
Outcome:	4.0 Governance Priorities
Strategy:	4.1 Our organisation is well positioned and has capacity for the future.

### Risk Implications

Risk	Risk Likelihood	Risk Impact / Consequence	Risk Rating	Principal Risk Theme	Risk Action Plan (Controls or Treatment proposed)
Failure to monitor the Shire's ongoing financial performance would increase the risk of a negative impact on the Shire's Financial position. As the monthly report is a legislative requirement, non-compliance may result in a qualified audit.	Rare (1)	Moderate (3)	Low (1-4)	Compliance Requirements	Accept Officer Recommendation

### Risk Matrix

Consequence \ Likelihood		Insignificant	Minor	Moderate	Major	Catastrophic
		1	2	3	4	5
Almost Certain	5	Moderate (5)	High (10)	High (15)	Extreme (20)	Extreme (25)
Likely	4	Low (4)	Moderate (8)	High (12)	High (16)	Extreme (20)
Possible	3	Low (3)	Moderate (6)	Moderate (9)	High (12)	High (15)
Unlikely	2	Low (2)	Low (4)	Moderate (6)	Moderate (8)	High (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Moderate (5)

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following

objectives; occupational health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating of three (3) has been determined for this item. Any items with a risk rating over 10 or greater (considered to be high or extreme risk) will be added to the Risk Register, and any item with a risk rating of 16 or greater will require a specific risk treatment plan to be developed.

#### **Comment/Conclusion**

The April 2026 Monthly Financial Report is presented for review.

#### **Voting Requirements**

Simple Majority.

#### **OFFICERS' RECOMMENDATION**

**That with respect to the Monthly Financial Report for April 2026, Council note the Reports as presented.**

KEY INFORMATION

▲▼ Indicates a variance between Year to Date (YTD) Budget and YTD Actual data as per the adopted materiality threshold.

Refer to the Explanation of Variances Note for an explanation of the reasons for the variance.

This statement is to be read in conjunction with the accompanying Financial Statements and Notes.

**NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY  
FOR THE PERIOD ENDED 30 APRIL 2026**

**EXPLANATION OF MATERIAL VARIANCES**

The material variance thresholds are adopted annually by Council as an indicator of whether the actual expenditure or revenue varies from the year to date Actual materially.  
The material variance adopted by Council for the 2025-26 year is \$5,000 or 10.0% whichever is the greater.

**BASIS OF PREPARATION**

The financial report has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying Regulations.

The *Local Government Act 1995* and accompanying Regulations take precedence over Australian Accounting Standards where they are

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

**THE LOCAL GOVERNMENT REPORTING ENTITY**

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements.

**SIGNIFICANT ACCOUNTING POLICIES**

**CRITICAL ACCOUNTING ESTIMATES**

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors believed to be reasonable making the judgements about carrying values of assets and liabilities not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimation of fair values of certain financial assets
- estimation of fair values of fixed assets shown at fair value
- impairment of financial assets

**GOODS AND SERVICES TAX**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position. Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

**ROUNDING OFF FIGURES**

All figures shown in this statement are rounded to the nearest dollar.

This information is to be read in conjunction with the accompanying Financial Statements and Notes.

KEY INFORMATION

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Bank overdrafts are reported as short term borrowings in current liabilities in the statement of net current assets.

The local government classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Financial assets at amortised cost held with registered financial institutions are listed in this note.

KEY INFORMATION

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectable amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

Classification and subsequent measurement

Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates receivable after the end of the reporting period are classified as non-current assets.

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the Shire measures them subsequently at amortised cost using the effective interest rate method.

**SIGNIFICANT ACCOUNTING POLICIES**

Each class of fixed assets within either plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Financial Management Regulation 17A (5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

**Initial recognition and measurement for assets held at cost**

Plant and equipment including furniture and equipment is recognised at cost on acquisition in accordance with *Financial Management Regulation 17A*. Where acquired at no cost the asset is initially recognise at fair value. Assets held at cost are depreciated and assessed for impairment annually.

**Initial recognition and measurement between mandatory revaluation dates for assets held at fair value**

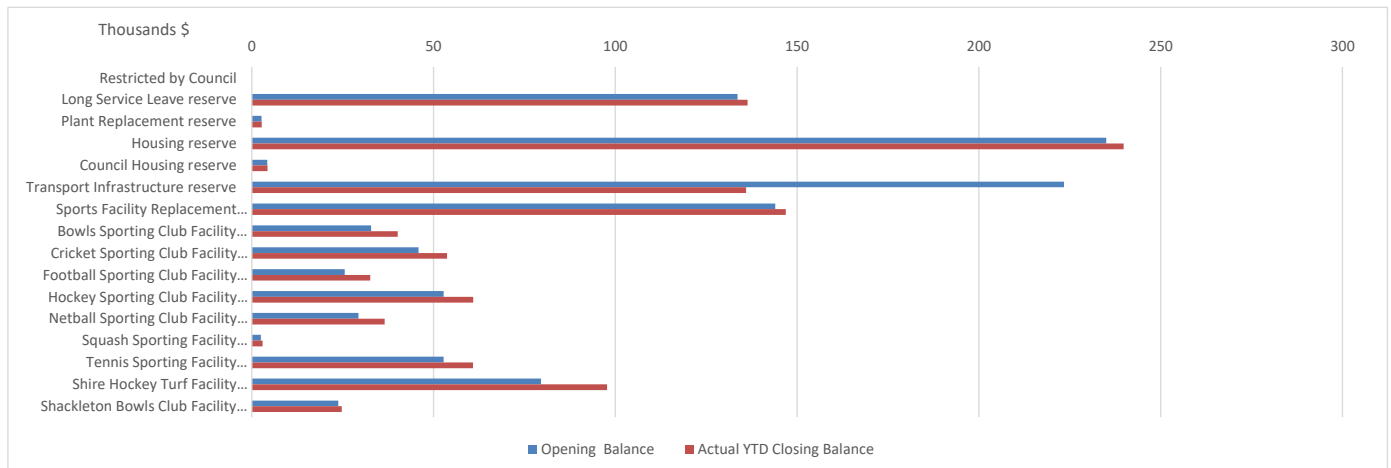

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

#### Summary

This report provides Council with a consolidated overview of the matters considered by the Audit, Risk and Improvement Committee at its meeting, including audit and financial management matters, risk management, governance and compliance activities, and other relevant oversight matters within the Committee's terms of reference. The report is intended to support Council in its governance and oversight role by summarising the key matters reviewed by the Committee, the progress of audit recommendations, and the status of current governance and compliance actions.

#### Purpose

The purpose of this report is to provide Council with a consolidated update arising from the Audit, Risk and Improvement Committee meeting and to outline the key matters considered by the Committee in relation to audit, financial management, risk management, governance and legislative compliance.

#### Background

The Audit, Risk and Improvement Committee is a standing committee of Council established under the Local Government Act 1995 and the Local Government (Audit) Regulations 1996. From 1 January 2026, the regulatory framework for audit committees in Western Australia was amended to provide for Audit, Risk and Improvement Committees, with broadened functions relating to audit, financial management, legislative compliance, risk management and continuous improvement. The regulations require the Committee to meet at least once every four months and prescribe functions including the review of audit reports, compliance audit matters and the appropriateness and effectiveness of the local government's systems and procedures in relation to financial management, legislative compliance and risk management.

The Shire's Committee is chaired by an independent presiding member and includes three elected members. The Chief Executive Officer and Executive Manager Corporate Services attend the meeting in an advisory capacity, with governance and minute support provided by the Executive Services Manager. This report is presented in a consolidated format to provide Council with a clear overview of the key matters considered by the Committee and the progress of related governance and improvement actions.

#### Consultation

Internal consultation has occurred with the administration to ensure alignment with governance obligations and existing codes of conduct.

## Statutory Environment

This report relates to the functions of the Audit, Risk and Improvement Committee under the Local Government (Audit) Regulations 1996, including the review of audit reports, compliance audit matters and regulation 17 review matters, and the consideration of the appropriateness and effectiveness of the Shire's systems and procedures in relation to financial management, legislative compliance and risk management. The regulations require the Committee to meet at least once every four months. The report also references governance actions being undertaken under the Local Government Act 1995, including the local laws review process.

## Policy Implications

There are no direct policy implications arising from this report itself. However, the report notes the progression and consideration of governance-related policy matters, including the Council Code of Conduct and the Gifts, Benefits and Hospitality Policy.

## Financial Implications

There are no direct financial implications arising from this report. The report does, however, note matters relating to the audit timetable, monthly financial performance and progression of the 2026–27 Budget.

## Strategic Implications

Shire of Bruce Rock Strategic Community Plan 2022-2032	
Outcome:	4.0 Governance Priorities
Strategy:	4.1 Our organisation is well positioned and has capacity for the future.

## Risk Implications

Risk	Risk Likelihood	Risk Impact / Consequence	Risk Rating	Principal Risk Theme	Risk Action Plan (Controls or Treatment proposed)
If audit findings, compliance matters, business continuity arrangements, cyber preparedness and governance actions are not actively monitored and progressed, the Shire may be exposed to governance, financial, legislative, operational and reputational risk.	Unlikely (2)	Moderate (3)	Low (1-4)	Compliance Requirements	Accept Officer Recommendation

## Risk Matrix

Consequence Likelihood		Insignificant	Minor	Moderate	Major	Catastrophic
		1	2	3	4	5
Almost Certain	5	Medium (5)	High (10)	High (15)	Extreme (20)	Extreme (25)
Likely	4	Low (4)	Medium (8)	High (12)	High (16)	Extreme (20)
Possible	3	Low (3)	Medium (6)	Medium (9)	High (12)	High (15)
Unlikely	2	Low (2)	Low (4)	Medium (6)	Medium (8)	High (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Medium (5)

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives; occupational health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating of six (6) has been determined for this item. Any items with a risk rating over 10 or greater (considered to be high or extreme risk) will be added to the Risk Register, and any item with a risk rating of 16 or greater will require a specific risk treatment plan to be developed.

### Comment/Conclusion

#### 1. Audit, Financial Management and Audit Recommendation Oversight

The Committee considered standing agenda items relating to the Office of the Auditor General annual audit, financial management review matters, and the status of recommendations arising from the regulation 17 review and other audit processes. A consolidated audit findings register was presented to the Committee. The register brings together audit actions arising from the annual audit, financial management review and regulation 17 review into a single monitoring document to support oversight and progress tracking.

At the time of the meeting, the consolidated register identified a total of 21 audit actions. Of these, 10 had been completed, 10 were in progress and on track to be completed within the current financial year, and one had not yet commenced. The Committee reviewed the register and was satisfied that progress against the outstanding actions is being actively monitored and advanced.

The Committee also noted progress in relation to the development of the Gifts, Benefits and Hospitality Policy, which addresses a governance gap identified through the audit process and is referred to further in this report. In relation to the 2025–26 audit program, the Committee noted that the interim audit is now scheduled to commence on 11 May 2026, having been deferred from the final week of April at the request of the Shire's auditors. The final audit is scheduled to commence in late October 2026.

The Committee was also provided with a copy of the Western Australian Economic Briefing for Quarter 1. Key matters noted included the ongoing implications of conflict in the Middle East, rising fuel prices and fuel supply shortages, and the potential for those issues to sustain pressure on inflation and interest rates if prolonged. Other key observations included continued inflationary pressure in the second half of 2025, market expectations of further cash rate increases in 2026, Western Australia recording annual population growth of 2.2 per cent, and the State recording annual wage price index growth of 4.1 per cent to December, the highest of all Australian jurisdictions.

A budget update was also provided, with the Committee noting that the 2026–27 Budget remains on track for presentation to Council for adoption on 23 July 2026. A brief verbal update was also provided regarding monthly financial performance, with the Shire presently tracking satisfactorily, noting that the detailed monthly financial report was to be presented separately to the Ordinary Council Meeting later that day.

## **2. Risk Management and Organisational Assurance**

The Committee was presented with the Shire's current strategic and operational risk registers. The strategic risk register was noted as having been reviewed and consolidated in 2025, resulting in a refined register of eight strategic risks. This was noted as a positive step in sharpening the Shire's strategic risk focus and supporting clearer risk oversight at a governance level.

The operational risk register currently contains 15 operational risks. These are under active review and are expected to be further refined for presentation to the Committee at its next meeting. It is anticipated that the number and form of these risks may change as they are aligned with the development of the Integrated Council Plan, which is intended to bring together the Strategic Community Plan and Corporate Business Plan into a more integrated planning framework.

The Committee also considered the draft Business Continuity Plan, Cyber Incident Response Plan and IT Disaster Recovery Plan. These documents have been reviewed and updated during 2026 as part of the Shire's broader governance and resilience work, including engagement with the Department of Digital Government. The Committee noted that these draft documents are nearing completion, with final amendments and refinements being undertaken following a review meeting held on 20 April 2026. Once finalised, these documents will strengthen the Shire's organisational preparedness, continuity capability and ICT resilience.

## **3. Governance and Legislative Compliance**

The Committee considered a number of governance and compliance matters as part of its standing oversight role. An update was provided regarding the 2025 Compliance Audit Return. The Committee noted that, while the return would ordinarily be submitted by 31 March, changes associated with the Inspectorate and amendments to the compliance audit template and portal arrangements have resulted in the submission deadline being extended to the end of September 2026. Further updates will be provided once additional guidance, and access arrangements are issued.

The Committee also noted that the Council Code of Conduct was being presented to the Ordinary Council Meeting of 22 April 2026. The Shire has reviewed its Councillor induction package, including the Code of Conduct, and further amendments have been required to ensure the document reflects changes commencing from 1 January 2026. Liaison with the Inspector's Office has been undertaken in that regard.

The Committee was advised that the Shire's local laws review is underway and is expected to continue through to September 2026. This work is being progressed with assistance from the consultant previously engaged by the Shire and in accordance with the relevant requirements of the Local Government Act 1995. Public advertising has commenced as part of that process.

The Committee also noted that the Shire's external town planning consultant has commenced the Town Planning Scheme review and that public notices have also been issued in relation to that review.

The Gifts, Benefits and Hospitality Policy was noted as being presented to the Ordinary Council Meeting as a late item. The policy applies to elected members, employees, election candidates and contractors acting on behalf of the Shire. The Committee noted that this policy is an important governance control and responds directly to a regulation 17 audit finding.

## **4. General Business**

Under general business, the Committee resolved that its next meeting be held on Thursday, 23 July 2026. It was noted that the next meeting is expected to focus primarily on the 2026–27 Budget, together with the Committee's other standing audit, financial management, governance, compliance and risk matters.

## **5. Confidential Matter**

A separate confidential Organisational Health Check was also considered by the Committee and is provided to Council separately as part of the ordinary monthly reporting framework, together with a verbal update where

required. As this matter is already reported to Council on a regular basis, it is not reproduced in detail within this consolidated report.

### **Voting Requirements**

Simple Majority.

#### **COMMITTEE RESOLUTION AND OFFICER RECOMMENDATION**

**That the Audit Risk and Improvement Committee recommend that Council:**

- 1. Receives the Consolidated Officer's Report arising from the Audit, Risk and Improvement Committee meeting;**
- 2. Notes the matters considered by the Committee in relation to audit, financial management, risk management, governance and legislative compliance;**
- 3. Notes the progress of audit recommendations as outlined in the consolidated audit findings register; and**
- 4. Notes that the next meeting of the Audit, Risk and Improvement Committee is scheduled to be held on Thursday, 23 July 2026.**

### Summary

Council is requested to amend the appointment of representatives to the following Committees of Council:

- Works and Services
- Audit Risk and Improvement

### Background

At its meeting held on 20 November 2025 Council appointed the following representatives to the Works and Services and Audit Risk and Improvement Committees:

Audit and Risk Committee	Cr. Ram Rajagopalan, Cr. Stephen Strange, Cr. Tony Crooks, and Catherine Negri (Community Representative).
Works and Services	Cr. Kevin Foss, Cr. Tony Crooks, Cr. Perry Hodgkiss, Chief Executive Officer (CEO) and Manager of Works and Services (MOWS)

Since the adoption of these representations, there has been an administrative restructure, and the now current position of Executive Manager Technical Services has been created.

The current Audit Risk and Improvement Committee is also of the view that the whole of Council should be appointed to the committee.

It is therefore now recommended that Council amends the membership of these two (2) committees.

### Consultation

Consultation was undertaken with the following:

- Chief Executive Officer; and
- Audit Risk and Improvement Committee

### Statutory Environment

Sections 5.8 – 5.11 of the Local Government Act 1995 apply.

### Policy Implications

There are no relevant Policy implications.

### Financial Implications

There are no financial implications.

### Strategic Implications

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives: occupational health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and risk ratings of six (6) has been determined for this item. Any items with a risk rating of 10 or greater (considered to be high or extreme risk) will be added to the Risk

Register, and any item with a risk rating of 16 or greater will require a specific risk treatment plan to be developed.

**Comment/Conclusion**

The proposed amendments to both the Work and Services and Audit Risk and Improvement Committees are provided below and are required to be appointed by Council.

Audit and Risk Committee	Phillip Negri (Independent Presiding Member), Catherine Negri (Deputy to the Independent Presiding Member), Cr. Ram Rajagopalan, Cr. Tony Crooks Cr. Stephen Strange, Cr. Jennifer Verhoogt, Cr. Aaron Buegge, Cr. Kevin Foss, and Cr.Perry Hodgkiss.

	1. Draft Gift, Benefits and Hospitality Policy

#### Summary

The purpose of this report is to present a draft Gifts, Benefits and Hospitality Policy for Council consideration. The policy has been developed to provide clear governance guidance regarding the acceptance and disclosure of gifts by Council Members, Committee Members and employees, and to ensure compliance with legislative requirements under the Local Government Act 1995 (WA).

#### Background

The integrity framework governing Western Australian local governments requires transparency regarding gifts that may influence decision-making. Recent amendments to the Local Government Amendment Act 2023 (WA) further strengthened expectations around governance and ethical conduct within local governments.

While the legislation prescribes disclosure requirements for council members and candidates, it is considered best practice for local governments to adopt a formal policy that:

- Clarifies expectations for elected members and employees;
- Outlines procedures for declaring gifts;
- Establishes a gifts register; and
- Promotes transparency and public confidence.

The attached draft policy was endorsed by the Audit Risk and Improvement Committee on Wednesday 22 April 2026 and subsequently, recommended to Council.

#### Consultation

Consultation has occurred with the Audit Risk and Improvement Committee.

#### Statutory Environment

Relevant legislation includes:

- Local Government Act 1995 (WA);
- Local Government (Administration) Regulations 1996 (WA); and
- Local Government Amendment Act 2023 (WA).

These legislative provisions require disclosure of gifts that may influence decision-making or that are received from persons with an interest in matters before Council.

## Policy Implications

Adoption of this policy will strengthen governance arrangements and provide clear guidance to Council Members and employees regarding the management of gifts and hospitality.

## Financial Implications

Nil

## Strategic Implications

Shire of Bruce Rock Strategic Community Plan 2022-2032	
Outcome:	4.0 Governance Priorities
Strategy:	4.1 Our organisation is well positioned and has capacity for the future.

## Risk Implications

Risk	Risk Likelihood	Risk Impact / Consequence	Risk Rating	Principal Risk Theme	Risk Action Plan (Controls or Treatment proposed)
Without a formal Gifts Policy, the Shire is exposed to risks of inconsistent practices, non-compliance with the Local Government Act 1995 (WA), and reputational damage.	Unlikely (2)	Moderate (3)	Medium (5-9)	Compliance Requirements	Accept Officer Recommendation

## Risk Matrix

Consequence \ Likelihood		Insignificant	Minor	Moderate	Major	Catastrophic
		1	2	3	4	5
Almost Certain	5	Moderate (5)	High (10)	High (15)	Extreme (20)	Extreme (25)
Likely	4	Low (4)	Moderate (8)	High (12)	High (16)	Extreme (20)
Possible	3	Low (3)	Moderate (6)	Moderate (9)	High (12)	High (15)
Unlikely	2	Low (2)	Low (4)	Moderate (6)	Moderate (8)	High (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Moderate (5)

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives: occupational health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and risk ratings of six (6) for both has been determined for this item. Any items with a risk rating of 10 or greater (considered to be high or extreme risk) will be added to the Risk Register, and any item with a risk rating of 16 or greater will require a specific risk treatment plan to be developed.

### Comment/Conclusion

The development of the Gifts, Benefits and Hospitality Policy is a direct outcome of findings identified in the Shire's 2025 Regulation 17 audit. Adoption of this policy will address the audit recommendation and strengthen the Shire's governance framework by providing clear guidance to both elected members and staff on the management and disclosure of gifts.

### Voting Requirements

Simple Majority

#### **COMMITTEE RESOLUTION AND OFFICER RECOMMENDATION**

**That the Audit Risk and Improvement Committee recommend that Council:**

- 1. Adopt the Shire of Bruce Rock Gifts, Benefits and Hospitality Policy as attached to this report;**
- 2. Include the policy within the Shire of Bruce Rock Council Policy Manual; and**
- 3. The Gifts Register maintained by the Chief Executive Officer be periodically reviewed by the Audit, Risk and Improvement Committee as part of its governance oversight responsibilities.**

## Gifts, Benefits and Hospitality

**Statutory Context:** Local Government Act 1995

**Corporate Context:** None

**Date Adopted:**

### 1. Policy Objective

The objective of this policy is to provide a clear, transparent and accountable framework for the management of gifts, benefits and hospitality offered to, or received by, Council Members, Committee Members, candidates, employees, contractors and volunteers acting on behalf of the Shire of Bruce Rock.

For the purpose of this policy, gifts, benefits or hospitality may include, but are not limited to, meals, refreshments, event tickets, travel, accommodation, discounts, services, promotional items, gift cards, cash-equivalent items, or any other personal advantage offered in connection with a person's official role.

The objective of this policy is to:

- Maintain transparency, integrity and accountability in decision-making;
- Ensure compliance with the gift disclosure requirements under the Local Government Act 1995, associated regulations and applicable codes of conduct;
- Provide practical guidance on the acceptance, refusal, disclosure and recording of gifts, benefits and hospitality;
- Protect the Shire, Council Members, employees and others acting on behalf of the Shire from actual, potential or perceived conflicts of interest; and
- Maintain public confidence in the integrity of Shire decision-making.

### 2. Scope

This policy applies to:

- Council Members;
- Committee Members;
- Candidates for Council;
- The Chief Executive Officer;
- Employees of the Shire of Bruce Rock;
- Contractors acting on behalf of the Shire, where relevant; and
- Volunteers acting on behalf of the Shire where relevant.

This policy applies to gifts, benefits or hospitality offered or received in connection with a person's official role, functions, duties or relationship with the Shire.

### 3. Legislative Framework

This policy supports compliance with:

- Local Government Act 1995;
- Local Government (Administration) Regulations 1996;
- Local Government (Elections) Regulations 1997;

- Local Government (Model Code of Conduct) Regulations 2021;
- Shire of Bruce Rock Code of Conduct for Council Members, Committee Members and Candidates;
- Shire of Bruce Rock Employee Code of Conduct;
- Shire of Bruce Rock Attendance at Events Policy; and
- Any other relevant Shire policy, procedure or executive instruction.

This policy should also be read in conjunction with legislative provisions relating to financial interests, proximity interests, impartiality interests, electoral gifts, attendance at events, procurement and conflicts of interest.

#### 4. Policy Principles

The Shire of Bruce Rock is committed to the following principles:

- Integrity – decisions must be made impartially, ethically and in the public interest.
- Transparency – gifts, benefits and hospitality must be declared, recorded and managed openly where required.
- Accountability – gifts, benefits and hospitality must not influence, or be perceived to influence, official duties or decision-making.
- Independence – Council Members, employees and others acting on behalf of the Shire must avoid obligations to external parties.
- Public confidence – conduct must withstand public scrutiny and support confidence in the Shire’s governance.

When in doubt, decline or disclose – where uncertainty exists, the gift should be declined or disclosed and referred for guidance.

#### 5. Definitions

For the purpose of this policy:

**Associated Person** means a person or organisation that has, or could reasonably be perceived to have, a matter before the Shire, or a commercial, regulatory, contractual, planning, procurement, compliance or other decision-making relationship with the Shire.

**Benefit** means a non-tangible advantage, service, favour, discount, access, preferential treatment or other personal advantage.

**Candidate** means a candidate for election to Council.

**Cash or Cash-Equivalent Gift** includes cash, gift cards, vouchers, prepaid cards or any item that can readily be converted to cash or used as cash.

**CEO** means the Chief Executive Officer of the Shire of Bruce Rock.

**Council Member** means the Shire President or a Councillor of the Shire of Bruce Rock.

**Gift** includes any gratuity, favour, hospitality, entertainment, travel, accommodation, discount, service, item, benefit or other advantage of monetary or non-monetary value.

**Hospitality** includes meals, refreshments, accommodation, entertainment, invitations, hosted attendance at functions or other forms of hospitality offered in connection with a person’s official role.

**Nominal Value** means a gift, benefit or hospitality with an estimated value of less than \$300 unless otherwise specified, provided that it is infrequent, modest, lawful, and not connected with procurement, planning, regulatory, compliance, contractor, developer or other sensitive Shire decision-making.

**Prohibited Gift** means a gift that must not be accepted under legislation, regulation, a code of conduct, this policy or any other applicable Shire requirement. This includes a gift that may compromise, or be perceived to compromise, the impartiality of a Council Member, employee or other person acting on behalf of the Shire.

**Register** means the Shire's Gifts Register or Electoral Gift Register, as applicable.

## 6. General Requirements

Council Members, Committee Members, candidates, employees, contractors and volunteers acting on behalf of the Shire must not solicit, request or encourage the offering of gifts, benefits or hospitality in connection with their official duties or role.

A gift, benefit or hospitality must not be accepted where:

- It could influence, or be perceived to influence, decision-making;
- The donor has, or is likely to have, business with the Shire;
- The donor is involved in a procurement, tender, quotation, contract, lease, planning, compliance, regulatory or approval process involving the Shire;
- The gift is offered in expectation of favourable treatment;
- The gift could reasonably be perceived as a bribe, inducement or reward;
- The gift is cash or cash-equivalent;
- Acceptance would create an actual, potential or perceived conflict of interest; or
- Acceptance would damage public confidence in the Shire.

Under no circumstances are gifts, benefits or hospitality to be accepted from any person or organisation involved in a current or proposed procurement, tender, quotation, contractual, planning, regulatory, compliance or approval process with the Shire.

Where there is doubt, the gift, benefit or hospitality must be declined or referred to the CEO for determination. Where the matter relates to the CEO, it must be referred to the Shire President.

## 7. Acceptable Gifts

The following gifts or hospitality may be accepted where they are of nominal value, infrequent, lawful, and unlikely to create an actual, perceived or potential conflict of interest.

### 7.1 Modest Hospitality at Official Functions

Examples include:

- Tea, coffee or light refreshments provided during meetings;
- Attendance at a community dinner, luncheon, breakfast or networking event hosted by a stakeholder organisation;
- A modest meal provided as part of an official conference, training session, civic event or community function; and
- Hospitality that is incidental to a person's attendance in an official capacity.

## 7.2 Promotional Items of Minimal Value

Examples include:

- Pens, calendars, notebooks, bags or reusable drink bottles displaying a company or organisation logo;
- Low-value promotional merchandise distributed at conferences, trade displays or community events; and
- Informational materials or sample products provided for demonstration or educational purposes.

## 7.3 Civic or Ceremonial Gifts

Examples include:

- A plaque, framed photograph or commemorative item exchanged during an official delegation visit;
- A locally produced souvenir presented by another local government, community organisation or visiting dignitary; and
- A small gift basket or token of appreciation presented during a ceremonial or official event.

Where practicable, civic or ceremonial gifts should remain the property of the Shire rather than the individual recipient and may be:

- Displayed in Council offices or public buildings;
- Recorded in the Gifts Register or asset records, where appropriate; or
- Retained for historical, civic or community purposes.

## 8. Disclosure Requirements

Disclosure requirements differ depending on the role of the recipient and the nature of the gift.

### 8.1 Council Members

Council Members must disclose gifts in accordance with sections 5.87A and 5.87C of the Local Government Act 1995.

A Council Member must disclose a gift received in their capacity as a Council Member where:

- the gift has a value of \$300 or more; or
- the gift is one of two or more gifts from the same donor within a 12-month period, and the total value is \$300 or more.

Disclosure must be made:

- In writing to the CEO;
- Within 10 days of receipt of the gift; and
- With sufficient information to enable the gift to be recorded in the Gifts Register.

Council Members should also disclose or record any lower-value gift where there is procurement, planning, regulatory, compliance, contractor, developer or reputational sensitivity.

### 8.2 Chief Executive Officer

The CEO must disclose gifts in accordance with sections 5.87B and 5.87C of the Local Government Act 1995.

The CEO must disclose a gift received in their capacity as CEO where:

- The gift has a value of \$300 or more; or
- The gift is one of two or more gifts from the same donor within a 12-month period, and the total value is \$300 or more.

Disclosure must be made:

- In writing to the Shire President;
- Within 10 days of receipt of the gift; and
- With sufficient information to enable the gift to be recorded in the Gifts Register.

The CEO will disclose or record any gift received to ensure transparency.

### **8.3 Candidates**

Candidates for Council must comply with the electoral gift disclosure requirements under the Local Government (Elections) Regulations 1997.

A candidate must disclose an election-related gift promised or received during the disclosure period where:

- The gift has a value of \$300 or more; or
- The gift is one of two or more gifts from the same donor during the disclosure period, and the total value is \$300 or more.

The disclosure period commences six months before election day and concludes:

- Three days after election day for unsuccessful candidates; or
- On the start day for financial interest returns for successful candidates.

Candidate disclosures must be lodged with the CEO using the prescribed disclosure form and within the prescribed timeframes.

A candidate must not receive a gift during the disclosure period unless the name and address of each donor are known to the candidate.

Candidate gifts must be recorded in the Electoral Gift Register.

### **8.4 Employees**

Employees must comply with the Shire's Employee Code of Conduct and the employee gift provisions under the Local Government (Administration) Regulations 1996.

Employees must not accept a prohibited gift from an associated person.

For employees, a prohibited gift includes:

- a gift worth the threshold amount or more; or
- two or more gifts from the same donor within a one-year period that together are worth the threshold amount or more.

The threshold amount is \$300, or a lesser amount determined by the CEO under regulation 19AF of the Local Government (Administration) Regulations 1996.

For administrative transparency and internal control, the Shire requires employees to disclose any accepted gift, benefit or hospitality valued at \$100 or more.

Employees must also disclose any gift, benefit or hospitality below \$100 where:

- The donor has business with the Shire;
- The donor may be affected by a Shire decision;
- The gift relates to procurement, planning, compliance, regulatory, contractor or developer matters;
- The gift could create an actual, potential or perceived conflict of interest; or
- There is any reputational sensitivity.

Employee disclosures must be made to the CEO, or to the employee's Executive Manager in accordance with any internal procedure approved by the CEO.

### **8.5 Contractors and Volunteers**

Contractors and volunteers acting on behalf of the Shire must not accept gifts, benefits or hospitality where acceptance could create an actual, potential or perceived conflict of interest, or could damage public confidence in the Shire.

Where a contractor or volunteer is offered a gift, benefit or hospitality in connection with Shire duties, the matter must be referred to the relevant Shire officer or the CEO.

## **9. Gifts Related Interests and Conflicts of Interest**

Disclosure of a gift, benefit or hospitality does not remove the recipient's obligation to consider whether the gift gives rise to an interest or conflict of interest.

A person must consider whether:

- The donor is a closely associated person;
- The donor has, or may have, a matter before Council, a committee or Shire administration;
- The gift gives rise to a financial interest, proximity interest, impartiality interest or other conflict of interest;
- The person should refrain from providing advice, making recommendations, participating in discussion or participating in decision-making; and
- Any additional disclosure or management action is required under legislation, regulation, a code of conduct or Shire procedure.

Where a gift-related interest exists, the person must comply with the applicable disclosure and participation requirements before taking part in advice, discussion or decision-making.

Where uncertainty exists, the matter must be referred to the CEO. Where the matter relates to the CEO, it must be referred to the Shire President.

## **10. Attendance at Events**

Where an invitation, ticket, hospitality or benefit relates to attendance at an event, including a concert, conference, function, sporting event or similar occasion, the requirements of the Attendance at Events Policy must also be considered.

An invitation or ticket provided to the Shire may be dealt with under the Attendance at Events Policy. An invitation or ticket provided directly to an individual may need to be treated as a gift and disclosed or managed under this policy and the relevant legislation.

## **11. Gifts Register**

The Shire will maintain a Gifts Register in accordance with the Local Government Act 1995.

The Gifts Register will record disclosures made by Council Members and the CEO under sections 5.87A and 5.87B of the Local Government Act 1995.

The Gifts Register should include, where applicable:

- Name of the person making the disclosure;
- Position or role of the recipient;
- Description of the gift;
- Name of the person or organisation that made the gift;

- Date the gift was received;
- Estimated value of the gift at the time it was made;
- Nature of the relationship between the donor and recipient;
- For a travel contribution, a description of the travel and date of travel;
- Whether the gift was accepted, declined, surrendered, retained by the Shire, returned or otherwise dealt with; and
- Any other information required by legislation or Shire procedure.

The CEO is responsible for maintaining the Gifts Register.

Disclosures made by Council Members or the CEO must be recorded in the Gifts Register within 10 days of disclosure.

The published version of the Gifts Register must comply with statutory requirements, including requirements relating to the publication or redaction of donor address details.

The Gifts Register will be made publicly available where required and periodically reviewed by the Audit, Risk and Improvement Committee as part of its governance oversight responsibilities.

## 12. Electoral Gift Register

The CEO will establish and maintain an Electoral Gift Register in accordance with the Local Government (Elections) Regulations 1997.

The Electoral Gift Register will record candidate gift disclosures received by the CEO and will be published on the Shire’s official website in accordance with legislative requirements.

The published version of the Electoral Gift Register must not include the address of an individual donor and must instead include the town or suburb mentioned in the address.

## 13. Breaches

Failure to comply with this policy may constitute:

- A breach of the applicable Code of Conduct;
- A breach of the Local Government Act 1995 or associated regulations;
- A conflict of interest;
- A disciplinary matter;
- A contractual compliance issue; or
- A matter requiring referral to an external oversight body, depending on the circumstances.

Suspected breaches will be managed in accordance with applicable legislation, codes of conduct, employment obligations, contractual requirements and Shire procedures.

## 14. Policy Review

This policy will be reviewed:

- Every four years; or
- Earlier if legislative requirements change; or
- Earlier if required by Council, the CEO, audit findings, governance review or operational need.

#### **Summary**

Council is requested to consider a request from the Shire of Corrigin to appoint Dual Fire Control Officers for the 2026/27 bush fire season.

#### **Background**

The Chief Executive Officer has received correspondence from the Shire of Corrigin (Attachment 1), requesting that the following people be appointed as Dual Fire Control Officers in the Shire of Bruce Rock for the 2026/27 bush fire season:

- Mr Sandow Jacobs; and
- Mr Tim George.

Council has approved the appointment of Mr Jacobs and Mr George as Dual Fire Control Officers in the Shire of Bruce Rock in previous bush fire seasons.

#### **Consultation**

The Shire of Bruce Rock's Chief Bush Fire Control Officer and Chief Executive Officer have been consulted. Both are supportive of the request.

#### **Statutory Environment**

The following statute relates:

- Bush Fires Act 1954, section 38, which enables a Local Government to appoint such persons as it thinks necessary to be its Fire Control Officers

#### **Policy Implications**

Nil

#### **Financial Implications**

## Strategic Implications

Shire of Bruce Rock Strategic Community Plan 2022-2032	
Outcome:	1.0 Community Priorities
Strategy:	1.4 Support and emergency services planning, response and recovery.

## Risk Implications

Risk	Risk Likelihood	Risk Impact / Consequence	Risk Rating	Principal Risk Theme	Risk Action Plan (Controls or Treatment proposed)
Failure to appoint Dual Fire Control Officers may hinder the ability of bush firefighting volunteers to more effectively fight fires across Local Government boundaries.	Rare (1)	Major (4)	Low (1-4)	Business and Community Disruption	Accept Officer Recommendation

## Risk Matrix

Consequence \ Likelihood		Insignificant	Minor	Moderate	Major	Catastrophic
		1	2	3	4	5
Almost Certain	5	Moderate (5)	High (10)	High (15)	Extreme (20)	Extreme (25)

Unlikely	2	Low (2)	Low (4)	Moderate (6)	Moderate (8)	High (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Moderate (5)

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives: occupational health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating of four (4) has been determined for this item. Any items with a risk rating over 10 or greater (considered to be high or extreme risk) will be added to the Risk Register, and any item with a risk rating of 16 or greater will require a specific risk treatment plan to be developed.

## Comment/Conclusion

If the request is approved, the Dual Fire Control Officers would have the necessary authority of the Shire of Bruce Rock to fight and give directions for fighting activities within the district. However, the Dual Fire Control Officers should not be authorised to issue burning permits.

It is recommended that Council accept the Shire of Corrigin's request subject to the persons appointed as Dual Fire Control Officers holding appropriate accreditation.

## Comment/Conclusion

To encourage the ongoing Great Eastern Country Zone partnership and promote a better understanding by all Councillors it is recommended that Zone minutes be read and received by Council. The Shire President, Chief Executive Officer and State Councillor Cr. Strange attended the meeting.

The following items are highlighted for Councils attention:

1. Guest presentations were received from the Local Government Inspectorate, Main Roads WA and Telstra, including updates on the Great Eastern Highway, mobile network upgrades, network resilience and the ATU Program;
2. Agency updates were noted from the Department of Local Government, Industry Regulation and Safety, Wheatbelt Development Commission, Water Corporation and the District Emergency Management Committee;
3. The Zone endorsed amendments to the Zone Constitution by special majority, including updates to meeting arrangements, quorum, terminology, Executive Committee provisions and financial administration;

4. The Zone endorsed updated strategic priorities, with Energy, Transport and Road Network elevated as a key priority, along with continued focus on regional health, housing, telecommunications and agricultural land use;
5. The Zone discussed rural and regional mental health support in the context of fuel supply instability and broader economic uncertainty;
6. Updates were provided on the proposed Zone delegation, 2027 Zone Conference planning, and initial consideration of the 2026–27 Zone Budget;
7. The Zone noted consultation on WALGA’s draft Climate Change Advocacy Position, with Council-endorsed feedback sought by 1 May 2026;
8. The Zone supported WALGA State Council advocacy positions relating to Council Member and employee privacy, water management, retirement of the off-road vehicles advocacy position, and a revised homelessness advocacy position.;
9. Cr Strange provided an update to the meeting on various WALGA matters including:
  - Recent and upcoming business of State Council and Policy Teams;
  - Overview of the Mayors and Presidents Forum, including acknowledging feedback received throughout the event;
  - Update on the election of Mayor Mark Irwin as WALGA President, and President Chris Antonio as WALGA Deputy President; and
  - Update on recent local sporting and community achievements within the Zone.
10. Emerging issues included concerns raised by the Shire of Cunderdin regarding recent State Government decisions on heavy vehicle RAV network access, and an update on the Local Government Amendment (Rating of Certain Mining Licences) Bill 2025; and
11. The next Zone meeting is scheduled for 11 June 2026 in Perth or via Teams, with the Shire of Bruce Rock to host the August 2026 meeting and provide a host presentation.

### Summary

The purpose of this report is to seek Council authorisation for the Chief Executive Officer to negotiate, approve and apply temporary fuel cost recovery contract variations where required in response to the Road Transport Contractual Chain Order – Fuel Cost Recovery 2026.

This authority is requested to enable the Shire to respond to fuel cost recovery claims from affected contractors in a timely, transparent and commercially reasonable manner, without requiring recurring monthly Council agenda items while the Order remains in effect.

### Background

The Fair Work Commission issued the Road Transport Contractual Chain Order – Fuel Cost Recovery 2026, which commenced on 21 April 2026. The Order establishes fuel cost recovery obligations for parties in road transport contractual chains and requires relevant rates to be reviewed at least fortnightly, or twice each calendar month, to ensure that increased fuel costs are appropriately recovered through the contractual chain. The Order applies broadly to work in the road transport industry and has potential implications for local government contracted services, including waste collection, freight, cartage, delivery of goods, passenger transport and other contracts with a road transport component.

WALGA has advised that local governments may be affected through contracted service delivery arrangements and should review relevant contracts and governance arrangements. The Order’s fuel cost recovery obligations remain in force while the weekly average national terminal gate price for diesel remains at or above \$2.00 per litre, as measured through the Australian Institute of Petroleum weekly diesel price report. The Fair Work Commission is required to review the Order after the first month of operation and then at three-monthly intervals.

Following the recent WALGA webinar regarding the Order, local governments have been advised to engage with affected contractors and review fuel cost impacts on a regular basis. This creates a practical governance issue for local governments, particularly where contract variations may need to be considered fortnightly or twice monthly.

### Consultation

Consultation has occurred, or will occur, with:

- WALGA, through sector advice and webinar information;
- Affected contractors, including Avon Waste;
- Relevant Shire officers involved in finance, procurement and contract management; and

- Council, through ongoing CEO and financial reporting.

### Statutory Environment

The Road Transport Contractual Chain Order – Fuel Cost Recovery 2026 has been issued by the Fair Work Commission under the Fair Work Act 2009 and is legally enforceable for parties covered by the Order.

Section 5.42 of the Local Government Act 1995 allows a local government to delegate certain powers and duties to the Chief Executive Officer by absolute majority, subject to the limitations in section 5.43. Section 6.8 of the Act also provides that expenditure not included in the annual budget requires prior authorisation by Council unless another statutory exception applies.

Any authority granted through this item is intended to operate within existing budget capacity, procurement requirements, contract management obligations and the limitations of the Local Government Act 1995.

Where a proposed variation would exceed the Chief Executive Officer’s existing financial or contractual authority, exceed available budget provision, materially alter the scope of the original contract, or create a material unbudgeted financial commitment, the matter will be referred back to Council.

### Policy Implications

Any contract variation will be managed in accordance with the Shire’s purchasing, procurement, financial management and contract management requirements.

The proposed authority does not provide a general power to vary contracts outside the specific circumstances associated with fuel cost recovery arising from the Road Transport Contractual Chain Order – Fuel Cost Recovery 2026.

### Financial Implications

There may be additional costs to the Shire while the Order remains in effect. The financial impact will depend on the contractors affected, the methodology applied, prevailing diesel prices, and the extent to which increased fuel costs are passed through to the Shire.

The Ranger service increase is considered minor and not material. The Avon Waste contract has the potential to have a greater financial impact. However, Administration expects that an evidence-based fortnightly or twice-monthly calculation may result in a lower cost impact than the initially proposed flat 17% increase.

Any approved variations will be monitored and reported through normal financial reporting processes. If the cumulative impact becomes material, exceeds available budget capacity, or requires a budget amendment, a further report will be presented to Council.

## Risk Implications

Risk	Risk Likelihood	Risk Impact / Consequence	Risk Rating	Principal Risk Theme	Risk Action Plan (Controls or Treatment proposed)
Delays in approving reasonable fuel cost recovery arrangements may impact contractor relationships and service continuity, particularly for essential services such as waste collection.	Unlikely (2)	Moderate (3)	Medium (5-9)	Business & Community Disruption	Accept Officer Recommendation
There is a risk that failure to engage appropriately with affected contractors may create compliance, contractual or dispute risk.	Unlikely (2)	Moderate (3)	Medium (5-9)	Business & Community Disruption	Accept Officer Recommendation

## Risk Matrix

Consequence \ Likelihood		Insignificant	Minor	Moderate	Major	Catastrophic
		1	2	3	4	5
Almost Certain	5	Moderate (5)	High (10)	High (15)	Extreme (20)	Extreme (25)
Likely	4	Low (4)	Moderate (8)	High (12)	High (16)	Extreme (20)
Possible	3	Low (3)	Moderate (6)	Moderate (9)	High (12)	High (15)
Unlikely	2	Low (2)	Low (4)	Moderate (6)	Moderate (8)	High (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Moderate (5)

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives: occupational health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating for both items of six (6) has been determined for this item. Any items with a risk rating over 10 or greater (considered to be high or extreme risk) will be added to the Risk Register, and any item with a risk rating of 16 or greater will require a specific risk treatment plan to be developed.

## Comment/Conclusion

The Shire has a number of contracted service arrangements which may be affected by increased fuel costs. The level of impact will vary depending on the type of contract, the contractor's fuel usage, the extent to which the service falls within a road transport contractual chain, and whether the existing contract already contains an appropriate fuel adjustment or rise-and-fall mechanism.

Some contractors have applied or proposed flat percentage increases to contract costs. For example, the Shire's Ranger service provider has advised of a 15% increase to its contract costs. The financial impact of this increase is minor and is not considered material in the context of the Shire's overall operating budget.

The more material potential impact is likely to arise from the Shire's waste services contract with Avon Waste. Avon Waste initially advised of a proposed flat 17% increase to contract costs. However, following commencement of the Order, Avon Waste is reviewing its proposed methodology. Administration has contacted Avon Waste directors and is awaiting further information regarding the proposed calculation method and application of the Order.

It is understood that the current Avon Waste contract includes a base fuel cost of \$1.60 per litre. Discussions to date indicate that Avon Waste may seek to apply a fuel recovery methodology as a temporary contract variation until fuel prices revert to the level contemplated under the original contract.

Administration considers that, for material contracts, a transparent fortnightly or twice-monthly review methodology is likely to be more appropriate than accepting a flat percentage increase. This approach should ensure that any additional cost to the Shire is evidence-based, directly linked to fuel cost recovery, and capable of being reduced or removed when fuel prices fall or when the Order ceases to apply. At this stage, Administration is confident that the actual fortnightly impact on the Avon Waste contract may be less than the originally proposed flat 17% increase. However, this cannot be confirmed until Avon Waste provides its methodology and supporting information.

Given the Order requires regular review and potential adjustment, it would be impractical and administratively inefficient to bring each fuel-related contract variation to Council on a monthly basis. Delays may also result in contractor debt accrual, administrative burden, potential compliance issues and avoidable disruption to service delivery. It is therefore recommended that Council provide the Chief Executive Officer with a temporary and limited authority to negotiate and approve evidence-based fuel cost recovery variations arising from the Order, subject to clear conditions and reporting back to Council.

This report does not seek approval for a blanket percentage increase across contracts. Rather, it seeks to establish a controlled process that allows Administration to respond to affected contracts on a case-by-case basis.

## **OFFICERS' RECOMMENDATION**

### **That Council:**

- 1. Notes the commencement of the Fair Work Commission's Road Transport Contractual Chain Order – Fuel Cost Recovery 2026, which commenced on 21 April 2026 and may have financial and operational implications for local government contracts involving road transport contractual chains.**
- 2. Notes that WALGA has advised local governments to review relevant contracts, engage with affected contractors, and consider appropriate governance arrangements for any required fuel cost recovery contract variations.**
- 3. Authorises the Chief Executive Officer, subject to existing financial, procurement and contractual delegations, to negotiate and approve temporary fuel cost recovery variations with affected contractors where those variations are directly associated with the Road Transport Contractual Chain Order – Fuel Cost Recovery 2026.**
- 4. Requires that any approved variation must:**
  - a. be supported by a clear and reasonable methodology from the contractor;**
  - b. be directly linked to increased fuel costs arising during the operation of the Order;**
  - c. be reviewed fortnightly, twice per calendar month, or at another reasonable interval consistent with the Order and the nature of the contract;**
  - d. cease, reduce or be reviewed when the Order ceases to apply, when the weekly average national terminal gate price for diesel falls below \$2.00 per litre, or when the relevant contract's fuel cost assumptions are no longer exceeded;**
  - e. not materially alter the scope of the original contract;**
  - f. not create a long-term financial commitment beyond the operation of the Order without further Council consideration.**
- 5. Notes that any proposed variation which exceeds the Chief Executive Officer's existing delegation, exceeds available budget provision, or creates a material unbudgeted financial impact will be referred back to Council for consideration.**
- 6. Requests the Chief Executive Officer to keep Council informed of approved variations through the CEO report, monthly financial reporting, budget review process, or another appropriate reporting mechanism.**
