Letter Reference Lease Renewal – 199 Noonajin Road, Bruce Rock

Summary

Council is requested to consider and endorse the renewal of a residential tenancy agreement with the Housing Authority (Government Regional Officers' Housing Program) for the property located at 119 Noonajin Road, Bruce Rock.

Background

The Housing Authority currently leases 119 Noonajin Road, Bruce Rock from the Shire of Bruce Rock under a residential tenancy agreement, which expires on 4 October 2025.

The Housing Authority has submitted a formal offer to renew the lease under the following proposed terms:

- A further term of three (3) years;
- Commencing immediately after the expiry of the current agreement;
- At a weekly rental amount of \$680; and
- Subject to the same general terms and conditions as the existing lease, with updated compliance requirements.

Consultation

Consultation has been undertaken with the Manager of Finance.

Statutory Environment

The following legislation relates:

- Residential Tenancies Act 1987 governs the terms and conditions of residential tenancy agreements; and
- Local Government Act 1995 relevant to the disposal (including leasing) of Local Government property. The property is not subject to public advertising under section 3.58 of the Local Government Act 1995, as it is a residential tenancy and is consistent with ongoing Government Regional Officers' Housing arrangements.

Policy Implications

The Council's Policy Manual contains no policies that relate, nor are there any proposed.

Financial Implications

The lease will generate \$680 per week in revenue for the Shire of Bruce Rock, equating to approximately \$35,360 per annum. This is an increase of \$250 per week or 57.5%. The Shire will be responsible for the required compliance inspections and services outlined in the lease conditions.

Strategic Implications

Outcome: 4.0 Governance Priorities				
Strategy:	4.1 Our organisation is well positioned and has capacity for the future.

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives; occupational health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating of **six (6)** has been determined for this item. Any items with a risk rating over 10 or greater (considered to be high or extreme risk) will be added to the Risk Register, and any item with a risk rating of 16 or greater will require a specific risk treatment plan to be developed.

Comment/Conclusion

The proposed lease renewal supports continued provision of quality Government Regional Officers' Housing within the Shire of Bruce Rock. The weekly rental amount of \$680 is considered commercially reasonable and consistent with current market rates.

The offer is conditional on the following:

a) An Electrical Compliance Certificate (to confirm all hard-wired smoke alarms and safety switches have been installed and are functioning correctly and, for the smoke alarm, includes at a minimum, manufacturer, installation/expiry date and model number) is to be obtained by the lessor by the Commencement Date and thereafter on every 12-month anniversary of the date on which the previous electrical compliance certificate was obtained.

- b) All air-conditioning units at the premises must have been serviced at lease commencement, or within the 12-month period prior to lease commencement, and thereafter on every 12-month anniversary of the date on which the previous service occurred. A copy of the receipt evidencing the first service will be provided to the tenant on lease commencement, and a receipt for each subsequent service will be provided to the tenant within 14 days of such service.
- c) The provision of two sets of keys to each and every lockable area forming part of the premises including, without limitation, keys to any lockable doors, windows, gates, sheds, cupboards and mailboxes, prior to the starting date of the agreement. For the purposes of this clause, "keys" is taken to include any electronic codes, key cards, swipe cards and remote controls.
- d) The Lessor will, at its own cost, ensure that any reticulation system installed, including but not limited to sprinklers, piping, valves, controls, solenoids, and associated wiring, is adequate for watering gardens and lawns and trees at the premises, and that such reticulation is fully maintained and free of leaks during the tenancy.

Acceptance of the lease renewal offer requires return of the signed acceptance within 14 days from the date of the letter (9 September 2025), and execution of the formal lease agreement within 14 days of its receipt from the Housing Authority.

Council is requested to review the August 2025 Monthly Financial Reports, noting that Council is advised of the following matters:

- The overall financial position for August 2025 currently stands at \$3,115,706 in surplus.
- Rates The amount received to date is 10.2% of the total to be collected, and there is still more than \$2,066,000 still to be collected from both current rates and arrears. It should be noted that there is approximately \$28,000 related to Pensioner Rates and ESL Deferments.
- The current amount of \$26,934 for 90+ day debts include 17 outstanding amounts. The outstanding debt from Main Roads WA of \$17,243, equates to 64% of the total 90 day debtors. The remaining \$9,691 is made up of 16 debtors, which are being followed up.

This statement is to be read in conjunction with the accompanying Financial Statements and Notes.

^{△▼} Indicates a variance between Year to Date (YTD) Budget and YTD Actual data as per the adopted materiality threshold.

The material variance thresholds are adopted annually by Council as an indicator of whether the actual expenditure or revenue varies from the year to date Actual materially.

The material variance adopted by Council for the 2025-26 year is \$5,000 or 10.00% whichever is the greater.

BASIS OF PREPARATION

The financial report has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying Regulations.

The Local Government Act 1995 and accompanying Regulations take precedence over Australian Accounting Standards where they are

The Local Government (Financial Management) Regulations 1996 specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 16 to these financial statements.

SIGNIFICANT ACCOUNTING POLICES

CRITICAL ACCOUNTING ESTIMATES

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors believed to be reasonable making the judgements about carrying values of assets and liabilities not readily apparent from other sources.

Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimation of fair values of certain financial assets
- estimation of fair values of fixed assets shown at fair value
- impairment of financial assets

GOODS AND SERVICES TAX

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

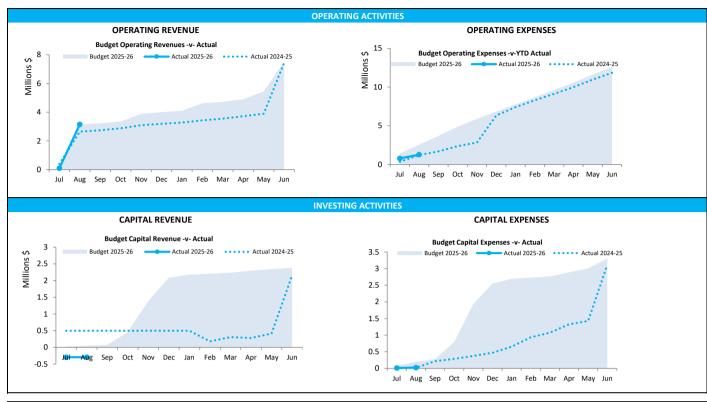

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

ROUNDING OFF FIGURES

All figures shown in this statement are rounded to the nearest dollar.

KEY INFORMATION

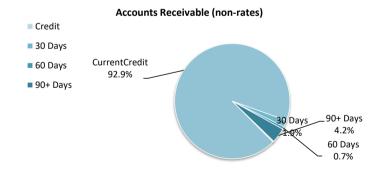

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectable amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

Classification and subsequent measurement

Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates receivable after the end of the reporting period are classified as non-current assets.

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the Shire measures them subsequently at amortised cost using the effective interest rate method.

Initial recognition and measurement between

mandatory revaluation dates for assets held at fair value

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

Summary

Council is asked to adopt a revised Policy Manual, as presented in **Attachment 1**.

Background

A full review of the Council Policy Manual has been undertaken by the administration. Many of the current Policies had not been reviewed for an extended period of time.

The draft, revised Council Policy Manual was presented to Council for comment at its Information Session of 21 August 2025. A summary of the main amendments proposed was also presented to Council on the day.

At the time of writing this report, no comments have been received from Councillors on the draft presented. The main change made to the draft Council Policy Manual since the Information Session of August 2025 is the inclusion of a policy requiring the Chief Executive Officer to develop an Executive Instruction on the rules applying to Aquatic Centre patrons.

A small amendment has also been made to Policy 7.20 Employee Recognition of Service (Other than Gratuity) to enable the Chief Executive Officer to provide a gift, gift card or voucher to an employee to recognise service milestones.

An updated summary of the main changes proposed to be made to the Council Policy Manual is provided as **Attachment 2**.

Consultation

Consultation has been undertaken with:

- Council;
- the Chief Executive Officer;
- the Manager of Finance;
- the Manager of Strategic Business Development; and
- the Manager of Works and Services.

Statutory Environment

Various statutory instruments relate, as outlined in the Policy Manual.

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives: occupational health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating of **three (3)** has been determined for this item. Any items with a risk rating over ten (10) or greater (considered to be high or extreme risk) will be added to the Risk Register, and any item with a risk rating of 16 or greater will require a specific risk treatment plan to be developed.

This risk is not needed to be added to the Shire's Risk Register and does not require a risk treatment plan.

Comment/Conclusion

The proposed, revised Council Policy Manual:

- Introduces the requirement for the Chief Executive Officer to develop Executive Instructions on several matters that were previously covered by Council Policies, recognising the separation of the responsibilities of Council and the Chief Executive Officer; and
- Introduces several new Policies, and proposes the making of changes to existing Policies, to:
 - o Improve governance, internal controls and compliance arrangements;
 - o Ensure compliance with legislative changes; and
 - o Reduce red tape.

These represent substantial improvements to the Council Policy Manual.

It is therefore recommended that Council adopt the revised Council Policy Manual, as presented in **Attachment 1**.

Summary

Council is asked to consider the making of a Local Law providing for the establishment, organisation and maintenance of bush fire brigades by the Shire of Bruce Rock (Shire), as presented in **Attachment 1**.

Background

Legality of Current Brigades

Currently, there are three (3) volunteer bush fire brigades in operation within the Shire, namely the Shackleton, Ardath and Babakin Brigades.

In January 2023, WALGA advised that it had been contacted by the Department of Fire and Emergency Services (DFES) informing that it had received advice from the State Solicitor's Office questioning the legality of bush fire brigades established by Local Governments in the absence of an associated Local Law (Attachment 2).

DFES and WALGA sought legal advice on the matter, which confirmed the requirement for the brigades to be established under a Local Law. The head of power to make a Local Law on the establishment of bush fire brigades is provided by section 62 of the Bush Fires Act 1954 (Act).

In the absence of a Local Law, the following is likely to be invalid:

- Registration of a brigade and brigade members under section 41(2) of the Act;
- Election and duties of brigade officers under section 43 of the Act; and
- The powers of brigade officers relevant to preventing, controlling and extinguishing a bush fire under section 44 of the Act.

Although not having adopted a relevant Local Law means that the Shire's brigades are not properly constituted, WALGA has advised that the appointment of Bush Fire Control Officers means that the Shire can effectively ensure the conduct of normal brigade activities, including responding to bush fires and directing firefighting assets and volunteers.

Further, WALGA's legal advice indicates that volunteers are currently covered for compensation and protected from liability if conducting normal brigade activities under the direction of the Chief Bush Fire Control Officer.

Making of Local Law

WALGA has recommended the making of a Bush Fire Brigades Local Law by the Shire to ensure its brigades are properly established, and that brigade officers are properly registered and empowered.

Consultation

Consultation has been undertaken with the:

- Chief Bush Fire Control Officer;
- Bush Fire Advisory Committee; and
- Chief Executive Officer.

Statutory Environment

The following statutory provisions relate:

- Sections 41, 43, 44 and 62 of the Bush Fires Act 1945; and
- Section 3.12(3) of the Local Government Act 1995.

Policy Implications

Policy 8.1 Bushfire Brigades and Governance Structure relates.

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives: occupational health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating of six (6) has been determined for this item. Any items with a risk rating over ten (10) or greater (considered to be high or extreme risk) will be added to the Risk Register, and any item with a risk rating of 16 or greater will require a specific risk treatment plan to be developed.

This risk is not needed to be added to the Shire's Risk Register, and does not require a risk treatment plan.

Comment/Conclusion

The administration has developed a draft Bush Fire Brigades Local Law for Council's consideration. The draft has been developed using a template provided by WALGA.

Council is required to give local public notice stating that:

- It proposes to make a Local Law, with its purpose and effect summarised in the notice;
- A copy of the proposed Local Law may be inspected or obtained at any place specified in the notice;
 and
- Submissions about the proposed Local Law may be made to the Shire before a day being specified in the notice, being a day that is not less than six (6) weeks after the notice is given.

The proposed local public notice is provided as **Attachment 3**.

As soon as the notice is given, a copy of the proposed Local Law and a copy of the notice must be provided to the Minister for Local Government and any other Minister that has responsibility for administering the Act under which the proposed Local Law is to be made.

A copy of the Local Law must also be made available to any person requesting it.

Voting Requirements

OFFICERS' RECOMMENDATION

INFOPAGE

BUSH FIRE BRIGADE LOCAL LAWS, January 2023

WALGA was recently contacted by the Department of Fire and Emergency Services (DFES), who informed of State Solicitor's Office advice questioning the legality of Bush Fire Brigades established by Local Governments in the absence of an associated Bush Fire Brigades Local Law.

WALGA obtained its own separate, independent legal advice that confirmed the same; having established a Bush Fire Brigade, it is a requirement that the Local Government also adopt an associated Bush Fire Brigades Local Law.

WALGA has identified your Local Government as potentially falling into this category, following a search of your Local Government website for a BFB Local Law.

The Issues

- DFES and WALGA have received separate, independent legal advice on the establishment of Bush Fire Brigades (BFB) by Local Governments under s.41 of the Bush Fires Act 1954 (BF Act);
- The consistent legal position is that a Local Government, having exercised discretion to establish a BFB, must do so by making a Local Law – ref s.41(1) of the BF Act:
- 3. The head of power to make a BFB Local Law is under s.62 of the BF Act.
- 4. The Parliamentary Joint Standing Committee on Delegated Legislation has reported a similar requirement: 'Where a local government elects to establish a bush fire brigade it must do so in accordance with local laws it has made for that purpose' (Ref: Report 16, June 2019 at 2.2)

Relevant Consequences

- 5. Where a BFBs has been established in the absence of a Local Law, WALGA's legal advice indicates that the registration of the Brigade and Brigade membership under s.41(2) is likely to be invalid;
- 6. In the absence of a Local Law, the election and duties of BFB officers under s.43 is likely to be invalid.
- 7. In the absence of a Local Law, the powers of BFB officers relevant to preventing, controlling and extinguishing a bush fire under s.44 is likely to be invalid.

WALGA's requested legal advice on other matters that we believe will provide some reassurances in the short term.

Although not having adopted a BFB Local Law will mean that Brigades are not properly constituted, we have been advised that the appointment of Bush Fire Control Officers will mean that Local Governments can effectively ensure the conduct of normal brigade activities, including responding to bush fires and directing firefighting assets and volunteers.

Our legal advice provides further reassurances that volunteers will be covered for compensation and protected from liability if conducting normal brigade activities under the direction of a BFCO.

Arrangements - Short Term

- 1. In the short term, Local Governments should ensure that a sufficient number of bush fire control officers (BFCO) are appointed under s.38(1) of the BF Act: 'A local government may from time to time appoint such persons as it thinks necessary to be its bush fire control officers under and for the purposes of this Act, and of those officers shall subject to section 38A(2) appoint 2 as the Chief Bush Fire Control Officer and the Deputy Chief Bush Fire Control Officer who shall be first and second in seniority of those officers, and subject thereto may determine the respective seniority of the other bush fire control officers appointed by it';
- 2. BFCO's special powers are set out in s.39 of the BF Act and this appointment will also ensure the proper direction of Brigades in responding to a bush fire, as set out in s.44(4) of the BF Act:
 - '(4) Subject to the provisions of sections 13(6) and 45, where a bush fire control officer of a local government is present at a fire which is burning in the district of the local government, he has supreme control and charge of all operations, and the officers and members of all bush fire brigades present at the fire are subject to and shall act under his orders and directions.'
- 3. WALGA's legal advice notes that a BFCO could manage a BFB established without a Local Law however this is not recommended as a permanent solution as BFBs will not have direct authority and powers otherwise provided under the BF Act.

Protections

- 4. WALGA sought legal advice on the application of Part 6B And Part 7 of the Fire and Emergency Services Act 1998 (FES Act);
- 5. Part 6B applies to compensation entitlements for volunteers engaged in emergency response activities including firefighting;
- 6. Legal advice is that the compensation provisions will cover a person who engages in volunteer activities by participating in 'normal brigade activities' under the direction of a BFCO;
- 7. Part 7 applies to protection of persons acting in good faith when performing functions under emergency services Acts, including volunteer firefighters;
- 8. Similarly, legal advice confirms that a volunteer acting under the direction of a BFCO when carrying out 'normal brigade activities' will be able to rely upon the statutory protection under s.37 of the FES Act.

Arrangements – Intermediate Term

- 1. The Local Government is required to adopt a BFB Local Law to ensure its Bush Fire Brigades are properly established and Brigade officers are properly registered and empowered.
- 2. WALGA has developed a template BFB Local Law addressing the BF Act local law-making requirements. This can be made freely available upon request.
- 3. WALGA can also provide general advice on the local law-making process and the development of a Council agenda item for this purpose;
- 4. Alternatively, the Local Government can obtain its own legal advice for the purpose of drafting a BFB Local Law.

Validity of Bush Fire Brigades Local Laws (Bylaws)

Introduction

WALGA is assisting the Department of Fire and Emergency Services with communications to Local Governments regarding Bush Fire Brigade Local Laws (BFB LL). WALGA has previously sought and distributed independent legal advice on the contemporary operation of Bush Fire Brigades and the role of appointed Bush Fire Control Officers, in the absence of a Bush Fire Brigades Local Law.

Questions have since been raised by Local Government that adopted, and have not repealed, a BFB LL prior to the commencement of the current *Bush Fires Act* 1954.

WALGA sought specific legal advice on the following question: "...whether local laws (bylaws) which validly established Bush Fire Brigades under Bush Fires Act 1937 (WA) validly survive the repeal of that Act and the commencement of the Bush Fires Act 1954 (WA) specifically via the operation of section 36 of the Interpretation Act 1984.

Summary of Legal Advice

- Section 6 of the *Bush Fires Act 1954* 'as passed' expressly declared that the "repealing and re-enacting of a provision" section of the *Interpretation Act* (s.15 of the *Interpretation Act 1918* (reprinted in 1953) and s.36 of the Interpretation Act 1984 (WA)) applies to the *Bush Fires Act 1954*.
- Legal advice is that it is apparent at the time of passing the Bush Fires Act 1954,
 Parliament intended for local laws (formerly 'bylaws') establishing Bushfire
 Brigades under the Bush Fires Act 1937, to continue to have effect and therefore
 for those Brigades to continue. However, it is extremely unlikely that the
 Parliament would have intended those local laws to have continued in place for an
 extended period.
- Attention then turns to whether the other requirements of the *Bush Fires Act 1954* have been complied with, namely have there been any substantive changes to s.36(d) following the 'as passed' Act.
- Legal advice confirms that the clear and ordinary meaning of s.36(d) of the *Bush Fires Act 1954* has not changed in a manner relevant to the issue of establishment of Bush Fire Brigades between 1954 and 2023. Therefore, a local law made under the *Bush Fires Act 1937* which has not been repealed and where a Local Government does not have a local law to a similar effect made under the Bush Fires Act 1954, is likely to still be in force.
- Legal advice notes that a local law made under the *Bush Fires Act 1937*, whilst valid, may well not be fit for purpose now.

Note: For the purposes of the legal advice obtained, it was assumed that the local laws which established the Bush Fire Brigade under the *Bush Fires Act 1937*, did so validly at the time they came into effect.

Good Governance Considerations

From the perspective of the legal advice received, it might be said that a BFB LL made under the *Bush Fires Act 1937* is technically valid but likely to be practically obsolete. In accordance with our previous legal advice, it is therefore recommended that Local Governments with a local law established under the *Bush Fires Act 1937*:

- ensure there are an adequate number of appointed Bush Fire Control Officer to conduct 'normal brigade activities' and manage fires in its district in the short term;
 and
- b. consider making a local law to establish the Bush Fire Brigade under the Bush Fires Act 1954 and to repeal the local law made under the Bush Fires Act 1937.

Bush Fire Brigade Local Laws - 1954 to 1996

Further investigation of the Government Gazette has identified that many Local Governments have adopted a BFB LL since the commencement of the *Bush Fires Act 1954* and there is no doubt as to the validity of these local laws.

However it is clear that many Local Governments were until recently, unaware of the existence of a BFB LL (for example, the local law is not published on the Local Government's website) and the *Local Government Act 1995* requirement to conduct an 8 year review of local laws has not been applied to BFB LLs. (Please note that the lack of an 8 year review does not invalidate any local law).

WALGA therefore suggests that Local Governments with BFB LLs adopted as bylaws prior to the commencement of the *Local Government Act* in 1996 give similar consideration as to whether this local law remains fit for purpose to the contemporary operation of Bush Fire Brigades within the district.

1. Shire of Bruce Rock Delegation Register 2025 – version 2 (under separate cover)

Summary

The purpose of this report is to seek Council's approval to amend the Shire of Bruce Rock's (Shire) Delegations Register. The Delegations Register has been reviewed again since March 2025. These further changes are recommended to assist the Shire's administration in meeting its obligations under the Local Government Act 1995 (WA) (Act).

Background

Section 5.46(2) of the Act requires that delegations made under the Act be reviewed at least once every financial year. The Shire last reviewed its Delegations Register at the Ordinary Meeting of Council (OCM) of 6 March 2025.

Since that meeting, a further review of the delegations has been undertaken to accurately represent the sub-delegate roles within the register; removing the role of Manager Regulatory Services; and, where applicable, including the role of Manager Strategic Business Development.

Additionally, Section 2.2.16 of the Register, "Defer, Grant Discounts, Waive or Write Off Debts" has been amended to include an additional Council Condition within this delegation that enables the Chief Executive Officer to waive a debt up to the value of \$409.

This value is determined by the fee associated with hiring the Amphitheatre with sound and lighting, which is the highest charge associated with the hiring of recreation facilities listed in the Shire's fees and charges schedule for 2025/26, and subsequently incorporates hire fees for the Shire Hall, Aquatic and Recreation Centre.
